(b) Administration- The Secretary may carry out this section directly or, pursuant to agreements, grants, or contracts with States, through State high-risk pool programs provided that the requirements of this section are met. For a State without a high-risk pool program, the Secretary may work with the State to coordinate with other forms of coverage expansions, such as State public-private partnerships.

(c) Eligibility- For purposes of this section, the term `eligible individual' means an individual who meets the requirements of subsection (i)(1)--

(1) who--

For purposes of paragraph (1)(A)(ii), a person who is in a waiting period as defined in section 2701(b)(4) of the Public Health Service Act shall not be considered to be eligible for coverage under an employment-based health plan.

(g) Covered Benefits, Cost-sharing, Premiums, and Consumer Protections-

(h) Funding; Termination of Authority-

(1) IN GENERAL- There is appropriated to the Secretary, out of any moneys in the Treasury not otherwise appropriated, \$5,000,000,000 to pay claims against (and administrative costs of) the high-risk pool under this section in excess of the premiums collected with respect to eligible individuals enrolled in the high-risk pool. Such funds shall be available without fiscal year limitation.

**SEC. 717. PROTECTION AGAINST POSTRETIREMENT REDUCTION OF RETIREE HEALTH BENEFITS.**

(a) In General- Every group health plan shall contain a provision which expressly bars the plan, or any fiduciary of the plan, from reducing the benefits provided under the plan to a retired participant, or beneficiary of such participant, if such reduction affects the benefits provided to the participant or beneficiary as of the date the participant retired for purposes of the plan and such reduction occurs after the participant's retirement unless such reduction is also made with respect to active participants. Nothing in this section shall prohibit a plan from enforcing a total aggregate cap on amounts paid for retiree health coverage that is part of the plan at the time of retirement.

(b) No Reduction- Notwithstanding that a group health plan may contain a provision reserving the general power to amend or terminate the plan or a provision specifically authorizing the plan to make post-retirement reductions in retiree health benefits, it shall be prohibited for any group health plan, whether through amendment or otherwise, to reduce the benefits provided to a retired participant or the participant's beneficiary under the terms of the plan if such reduction of benefits occurs after the date the participant retired for purposes of the plan and reduces benefits that were provided to the participant, or the participant's beneficiary, as of the date the participant retired unless such reduction is also made with respect to active participants.

(c) Reduction Described- For purposes of this section, a reduction in benefits--

`(1) with respect to premiums occurs under a group health plan when a participant's (or beneficiary's) share of the total premium (or, in the case of a self-insured plan, the costs of coverage) of the plan substantially increases; or

`(2) with respect to other cost-sharing and benefits under a group health plan occurs when there is a substantial decrease in the actuarial value of the benefit package under the plan.

For purposes of this section, the term `substantial' means an increase in the total premium share or a decrease in the actuarial value of the benefit package that is greater than 5 percent.'

`Sec. 717. Protection against postretirement reduction of retiree health benefits.'

(c) Waiver- An employer may, in a form and manner which shall be prescribed by the Secretary of Labor, apply for a waiver from this provision if the employer can reasonably demonstrate that meeting the requirements of this section would impose an undue hardship on the employer.

(d) Effective Date- The amendments made by this section shall take effect on the date of the enactment of this Act.

## **SEC. 111. REINSURANCE PROGRAM FOR RETIREES.**

(a) Establishment-

(1) IN GENERAL- Not later than 90 days after the date of the enactment of this Act, the Secretary of Health and Human Services shall establish a temporary reinsurance program (in this section referred to as the `reinsurance program') to provide reimbursement to assist participating employment-based plans with the cost of providing health benefits to retirees and to eligible spouses, surviving spouses and dependents of such retirees.

(E) The term `Secretary' means Secretary of Health and Human Services.

(b) Participation- To be eligible to participate in the reinsurance program, an eligible employment-based plan shall submit to the Secretary an application for participation in the program, at such time, in such manner, and containing such information as the Secretary shall require.

(B) BASIS FOR CLAIMS- Each claim submitted under subparagraph (A) shall be based on the actual amount expended by the participating employment-based plan involved within the plan year for the appropriate employment based health benefits provided to a retiree or to the spouse, surviving spouse, or dependent of a retiree. In determining the amount of any claim for purposes of this subsection, the participating employment-based plan shall take into account any negotiated price concessions (such as discounts, direct or indirect subsidies, rebates, and direct or indirect remunerations) obtained by such plan with respect to such health benefits. For purposes of calculating the amount of any claim, the costs paid by the retiree or by the spouse, surviving spouse, or dependent of the retiree in the form of deductibles, copayments, and coinsurance shall be included along with the amounts paid by the participating employment-based plan.

Such amounts shall be adjusted each year based on the percentage increase in the medical care component of the

Consumer Price Index (rounded to the nearest multiple of \$1,000) for the year involved.

(3) USE OF PAYMENTS- Amounts paid to a participating employment-based plan under this subsection shall only be used to reduce the costs of health care provided by the plan by reducing premium costs for the employer or employee association maintaining the plan, and reducing premium contributions, deductibles, copayments, coinsurance, or other out-of-pocket costs for plan participants and beneficiaries. Where the benefits are provided by an employer to members of a represented bargaining unit, the allocation of payments among these purposes shall be subject to collective bargaining. Amounts paid to the plan under this subsection shall not be used as general revenues by the employer or employee association maintaining the plan or for any other purposes. The Secretary shall develop a mechanism to monitor the appropriate use of such payments by such plans.

(4) APPEALS AND PROGRAM PROTECTIONS- The Secretary shall establish--

(A) an appeals process to permit participating employment-based plans to appeal a determination of the Secretary with respect to claims submitted under this section; and

(B) procedures to protect against fraud, waste, and abuse under the program.

(ii) LIMITATION TO AVAILABLE FUNDS- The Secretary has the authority to stop taking applications for participation in the program or take such other steps in reducing expenditures under the reinsurance program in order to

ensure that expenditures under the reinsurance program do not exceed the funds available under this subsection.

- (b) Requirements for Qualified Health Benefits Plans- On or after the first day of Y1, a health benefits plan shall not be a qualified health benefits plan under this division unless the plan meets the applicable requirements of the following subtitles for the type of plan and plan year involved:

  - (3) Subtitle D (relating to consumer protection).
- (c) Terminology- In this division:

(2) LIMITATION ON CHANGES IN TERMS OR CONDITIONS- Subject to paragraph (3) and except as required by law, the issuer does not change any of its terms or conditions, including benefits and cost-sharing, from those in effect as of the day before the first day of Y1.

(3) RESTRICTIONS ON PREMIUM INCREASES- The issuer cannot vary the percentage increase in the premium for a risk group of enrollees in specific grandfathered health insurance coverage without changing the premium for all enrollees in the same risk group at the same rate, as specified by the Commissioner.

(b) Grace Period for Current Employment-Based Health Plans-

(1) GRACE PERIOD-

(A) IN GENERAL- The Commissioner shall establish a grace period whereby, for plan years beginning after the end of the 5-year period beginning with Y1, an employment-based health plan in operation as of the day before the first day of Y1 must meet the same requirements as apply to a qualified health benefits plan under section 201, including the essential benefit package requirement under section 221.

(B) EXCEPTION FOR LIMITED BENEFITS PLANS- Subparagraph (A) shall not apply to an employment-based health plan in which the coverage consists only of one or more of the following:

(2) SEPARATE, EXCEPTED COVERAGE PERMITTED- Nothing in--

(A) paragraph (1) shall prevent the offering of excepted benefits described in section 2791(c) of the Public Health Service Act so long as such benefits are offered outside the Health Insurance Exchange and are priced separately from health insurance coverage; and

(B) this division shall be construed--

(i) to prevent the offering of a stand-alone plan that offers coverage of excepted benefits described in section 2791(c)(2)(A) of the Public Health Service Act (relating to limited scope dental or vision benefits) for individuals and families from a State-licensed dental and vision carrier; or  
(ii) as applying requirements for a qualified health benefits plan to such a stand-alone plan that is offered and priced separately from a qualified health benefits plan.

except that such section 2712(b)(1) shall apply only if, before nonrenewal or discontinuation of coverage, the issuer has provided the enrollee with notice of nonpayment of premiums and there is a grace period during which the enrollee has an opportunity to correct such nonpayment. Rescissions of such coverage shall be prohibited except in cases of fraud as defined in section 2712(b)(2) of such Act.

(2) REPORTS- Not later than 18 months after the date of the enactment of this Act, the Commissioner shall submit to Congress and the applicable agencies a report on the study conducted under paragraph (1). Such report shall include any recommendations the Commissioner deems appropriate to ensure that the law does not provide incentives for small and midsize employers to self-insure or create adverse selection in the risk pools of large group insurers and self-insured employers. Not later than 18 months after the first day of Y1, the Commissioner shall submit to

Congress and the applicable agencies an updated report on such study, including updates on such recommendations.

(b) Internet Access to Information- A qualified health benefits plan that uses a provider network shall provide a current listing of all providers in its network on its Website and such data shall be available on the Health Insurance Exchange Website as a part of the basic information on that plan. (2) ITEMS INCLUDED IN STUDY- Such study also shall examine--

(A) the terms, conditions, and affordability of group health coverage offered by employers and QHBP offering entities outside of the Exchange compared to Exchange-participating health benefits plans; and

(a) In General- The Commissioner shall specify the benefits to be made available under Exchange-participating health benefits plans during each plan year, consistent with subtitle C of title II and this section.

(b) Limitation on Health Benefits Plans Offered by Offering Entities- The Commissioner may not enter into a contract with a QHBP offering entity under section 304(c) for the offering of an Exchange-participating health benefits plan in a service area unless the following requirements are met:

(1) REQUIRED OFFERING OF BASIC PLAN- The entity offers only one basic plan for such service area.

(2) OPTIONAL OFFERING OF ENHANCED PLAN- If and only if the entity offers a basic plan for such service area, the entity may offer one enhanced plan for such area.

(3) OPTIONAL OFFERING OF PREMIUM PLAN- If and only if the entity offers an enhanced plan for such service area, the entity may offer one premium plan for such area.

(4) OPTIONAL OFFERING OF PREMIUM-PLUS PLANS- If and only if the entity offers a premium plan for such service area, the entity may offer one or more premium-plus plans for such area.

All such plans may be offered under a single contract with the Commissioner.

(1) IN GENERAL- The Commissioner shall establish the following standards consistent with this subsection and title II:

(A) BASIC, ENHANCED, AND PREMIUM PLANS- Standards for 3 levels of Exchange-participating health benefits plans: basic, enhanced, and premium (in this division referred to as a 'basic plan', 'enhanced plan', and 'premium plan', respectively).

(B) PREMIUM-PLUS PLAN BENEFITS- Standards for additional benefits that may be offered, consistent with this subsection and subtitle C of title II, under a premium plan (such a plan with additional benefits referred to in this division as a 'premium-plus plan').

(2) BASIC PLAN-

(A) IN GENERAL- A basic plan shall offer the essential benefits package required under title II for a qualified health benefits plan with an actuarial value of 70 percent of the full actuarial value of the benefits provided under the reference benefits package.

(B) TIERED COST-SHARING FOR AFFORDABLE CREDIT ELIGIBLE INDIVIDUALS- In the case of an affordable credit eligible individual (as defined in section 342(a)(1)) enrolled in an Exchange-participating health benefits plan, the benefits under a basic plan are modified to provide for the reduced cost-sharing for the income tier applicable to the individual under section 324(c).

(3) ENHANCED PLAN- An enhanced plan shall offer, in addition to the level of benefits under the basic plan, a lower level of cost-sharing as provided under title II consistent with section 223(b)(5)(A).

(6) RANGE OF PERMISSIBLE VARIATION IN COST-SHARING- The Commissioner shall establish a permissible range of variation of cost-sharing for each basic, enhanced, and premium plan, except with respect to any benefit for which there is no cost-sharing permitted under the essential benefits package. Such variation shall permit a variation of not more than plus (or minus) 10 percent in cost-sharing with respect to each benefit category specified under section 222. Nothing in this subtitle shall be construed as prohibiting tiering in cost-sharing, including through preferred and participating providers and prescription drugs. In applying this paragraph, a health benefits plan may increase the cost-sharing by 10 percent within each category or tier, as applicable, and may decrease or eliminate cost-sharing in any category or tier as compared to the essential benefits package.

(d) Treatment of State Benefit Mandates- Insofar as a State requires a health insurance issuer offering health insurance coverage to include benefits beyond the essential benefits package, such requirement shall continue to apply to an Exchange-participating health benefits plan, if the State has entered into an arrangement satisfactory to the Commissioner to reimburse the Commissioner for the amount of any net increase in affordability premium credits under subtitle C as a result of an increase in premium in basic plans as a result of application of such requirement.

The entity shall notify the Commissioner if the entity projects or anticipates reaching such a capacity limitation that would result in a limitation in enrollment.
- (6) RISK POOLING PARTICIPATION- The entity shall participate in such risk pooling mechanism as the Commissioner establishes under section 306(b).
- (7) ESSENTIAL COMMUNITY PROVIDERS- With respect to the basic plan offered by the entity, the entity shall include within the plan network those essential community providers, where available, that serve predominantly low-income, medically-underserved individuals, such as health care providers defined in section 340B(a)(4) of the Public Health Service Act and providers described in section 1927(c)(1)(D)(i)(IV) of the Social Security Act (as amended by section 221 of Public Law 111-8). The Commissioner shall specify the extent to which and manner in which the previous sentence shall apply in the case of a basic plan with respect to which the Commissioner determines provides substantially all benefits through a health maintenance organization, as defined in section 2791(b)(3) of the Public Health Service Act. This paragraph shall not be construed to require a basic plan to contract with a provider if such provider refuses to accept the generally applicable payment rates of such plan.

(B) SPECIAL RULE RELATING TO INDIAN HEALTH CARE PROVIDERS- Provision of services by an Indian health care provider exclusively to Indians and their dependents shall not constitute discrimination under this Act.

(10) PROGRAM INTEGRITY STANDARDS- The entity shall establish and operate a program to protect and promote the integrity of Exchange-participating health benefits plans it offers, in accordance with standards and functions established by the Commissioner.

(11) ADDITIONAL REQUIREMENTS- The entity shall comply with other applicable requirements of this title, as specified by the Commissioner, which shall include standards regarding billing and collection practices for premiums and related grace periods and which may include standards to ensure that the entity does not use coercive practices to force providers not to contract with other entities offering coverage through the Health Insurance Exchange.

(c) Contracts-

(1) BID APPLICATION- To be eligible to enter into a contract under this section, a QHBP offering entity shall submit to the Commissioner a bid at such time, in such manner, and containing such information as the Commissioner may require.

(C) TERMINATION-

(i) IN GENERAL- The Commissioner may terminate a contract with a QHBP offering entity under this section for the offering of an Exchange-participating health benefits plan if such entity fails to comply with the applicable requirements of this title. Any determination by the Commissioner to terminate a contract shall be made in accordance with formal investigation and compliance procedures established by the Commissioner under which--

(I) the Commissioner provides the entity with the reasonable opportunity to develop and implement a corrective action plan to correct the deficiencies that were the basis of the Commissioner's determination; and

(II) the Commissioner provides the entity with reasonable notice and opportunity for hearing (including the right to appeal an initial decision) before terminating the contract.

(ii) EXCEPTION FOR IMMINENT AND SERIOUS RISK TO HEALTH- Clause (i) shall not apply if the Commissioner determines that a delay in termination, resulting from compliance with the procedures specified in such clause prior to termination, would pose an imminent and serious risk to the health of individuals enrolled under the qualified health benefits plan of the QHBP offering entity.

(A) had been furnished by another provider in the plan's provider network; or

(B) in the case that the plan has no such network, was furnished by a non-Indian provider.

(6) NATIONAL PLAN- Nothing in this section shall be construed as preventing the Commissioner from entering into a contract under this subsection with a QHBP offering entity for the offering of a health benefits plan with the same benefits in every State so long as such entity is licensed to offer such plan in each State and the benefits meet the applicable requirements in each such State.

(d) No Discrimination on the Basis of Provision of Abortion- No Exchange participating health benefits plan may discriminate against any individual health care provider or health care facility because of its unwillingness to provide, pay for, provide coverage of, or refer for abortions.

(2) CHANGES UNDER A FUTURE SNF CASE MIX CLASSIFICATION SYSTEM-

(A) ANALYSIS-

(i) IN GENERAL- The Secretary of Health and Human Services shall analyze payments for non-therapy ancillary services under a future skilled nursing facility classification system to ensure the accuracy of payment for non-therapy ancillary services. Such analysis shall consider use of appropriate predictors which may include age, physical and mental status, ability to perform activities of daily living, prior nursing home stay, diagnoses, broad RUG category, and a proxy for length of stay.

(ii) APPLICATION- Such analysis shall be conducted in a manner such that the future skilled nursing facility classification system is implemented to apply to services furnished during a fiscal year beginning with fiscal year 2011.

(B) CONSULTATION- In conducting the analysis under subparagraph (A), the Secretary shall consult with interested parties, including the Medicare Payment Advisory Commission and other interested stakeholders, to identify appropriate predictors of nontherapy ancillary costs.

`(B) OUTLIERS BASED ON AGGREGATE COSTS- Outlier adjustments or additional payments described in subparagraph (A) shall be based on aggregate costs during a stay in a skilled nursing facility and not on the number of days in such stay.

(C) BUDGET NEUTRALITY- The Secretary shall reduce estimated payments that would otherwise be made under the prospective payment system under this subsection with respect to a fiscal year by 2 percent. The total amount of the additional payments or payment adjustments for outliers made under this paragraph with respect to a fiscal year may not exceed 2 percent of the total payments projected or estimated to be made based on the prospective payment system under this subsection for the fiscal year.'

(B) STRUCTURE OF PAYMENT INCREASE- The Secretary shall compute the additional payment to a hospital as described in paragraph (1)(B) for a fiscal year in accordance with a formula established by the Secretary that provides that--

(i) the estimated aggregate amount of such increase for the fiscal year does not exceed 50 percent of the aggregate reduction in Medicare DSH estimated by the Secretary for such fiscal year; and

(ii) hospitals with higher levels of uncompensated care receive a greater increase.

(c) Medicare DSH- In this section, the term `Medicare DSH' means adjustments in payments under section 1886(d)(5)(F) of the Social Security Act (42 U.S.C. 1395ww(d)(5)(F)) for inpatient hospital services furnished by disproportionate share hospitals.

`(i) REVISION- Subject to clause (ii) and notwithstanding the previous provisions of this subsection, for services furnished on or after January 1, 2011, the Secretary shall revise the fee schedule areas used for payment under this section applicable to the State of California using the Metropolitan Statistical Area (MSA) iterative Geographic Adjustment Factor methodology as follows:

`(I) The Secretary shall configure the physician fee schedule areas using the Metropolitan Statistical Areas (each in this paragraph referred to as an `MSA'), as defined by the Director of the Office of Management and Budget and published in the Federal Register, using the most recent available decennial population data as of the date of the enactment of the Affordable Health Care for America Act, as the basis for the fee schedule areas.

`(II) For purposes of this clause, the Secretary shall treat all areas not included in an MSA as a single rest of the State MSA.

`(III) The Secretary shall list all MSAs within the State by Geographic Adjustment Factor described in paragraph (2) (in this paragraph referred to as a `GAF') in descending order.

`(IV) In the first iteration, the Secretary shall compare the GAF of the highest cost MSA in the State to the weighted-average GAF of all the remaining MSAs in the State (including the rest of State MSA described in subclause (II)). `(V) In the next iteration, the Secretary shall compare the GAF of the MSA with the second-highest GAF to the weighted-average GAF of the all the remaining MSAs (excluding MSAs that become separate fee schedule areas). If the ratio of the second-highest MSA's GAF to the weighted-average of the remaining lower cost MSAs is 1.05 or greater, the second-highest MSA shall be a separate fee schedule area.

`(VI) The iterative process shall continue until the ratio of the GAF of the MSA with highest remaining GAF to the weighted-average of the remaining MSAs with lower GAFS is less than 1.05, and the remaining group of MSAs with lower GAFS shall be treated as a single fee schedule area.

`(VII) For purposes of the iterative process described in this clause, if two MSAs have identical GAFs, they shall be combined.

`(A) AGGREGATE PAYMENTS FOR EXCESS READMISSIONS- The term `aggregate payments for excess readmissions' means, for a hospital for a fiscal year, the sum, for applicable conditions (as defined in paragraph (5)(A)), of the product, for each applicable condition, of--

`(i) the base operating DRG payment amount for such hospital for such fiscal year for such condition;

`(ii) the number of admissions for such condition for such hospital for such fiscal year; and

`(iii) the excess readmissions ratio (as defined in subparagraph (C)) for such hospital for the applicable period for such fiscal year minus 1.

`(B) AGGREGATE PAYMENTS FOR ALL DISCHARGES- The term `aggregate payments for all discharges' means, for a hospital for a fiscal year, the sum of the base operating DRG payment amounts for all discharges for all conditions from such hospital for such fiscal year.

`(C) EXCESS READMISSION RATIO-

`(i) IN GENERAL- Subject to clauses (ii) and (iii), the term `excess readmissions ratio' means, with respect to an applicable condition for a hospital for an applicable period, the ratio (but not less than 1.0) of--

`(I) the risk adjusted readmissions based on actual readmissions, as determined consistent with a readmission measure methodology that has been endorsed under paragraph (5)(A)(ii)(I), for an applicable hospital for such condition with respect to the applicable period; to

`(II) the risk adjusted expected readmissions (as determined consistent with such a methodology) for such hospital for such condition with respect to such applicable period.

`(ii) EXCLUSION OF CERTAIN READMISSIONS- For purposes of clause (i), with respect to a hospital, excess readmissions shall not include readmissions for an applicable condition for which there are fewer than a minimum number (as determined by the Secretary) of discharges for such applicable condition for the applicable period and such hospital.

`(iii) ADJUSTMENT- In order to promote a reduction over time in the overall rate of readmissions for applicable conditions, the Secretary may provide, beginning with discharges for fiscal year 2014, for the determination of the excess readmissions ratio under subparagraph (C) to be based on a ranking of hospitals by readmission ratios (from lower to higher readmission ratios) normalized to a benchmark that is lower than the 50th percentile.

`(5) DEFINITIONS- For purposes of this subsection:

`(A) APPLICABLE CONDITION- The term `applicable condition' means, subject to subparagraph (B), a condition or procedure selected by the Secretary among conditions and procedures for which--

`(i) readmissions (as defined in subparagraph (E)) that represent conditions or procedures that are high volume or high expenditures under this title (or other criteria specified by the Secretary); and

`(ii) measures of such readmissions--

`(I) have been endorsed by the entity with a contract under section 1890(a); and

`(II) such endorsed measures have appropriate exclusions for readmissions that are unrelated to the prior discharge (such as a planned readmission or transfer to another applicable hospital).

`(B) EXPANSION OF APPLICABLE CONDITIONS- Beginning with fiscal year 2013, the Secretary shall expand the applicable conditions beyond the 3 conditions for which measures have been endorsed as described in subparagraph (A)(ii)(I) as of the date of the enactment of this subsection to the additional 4 conditions that have been so identified by the Medicare Payment Advisory Commission in its report to Congress in June 2007 and to other conditions and procedures which may include an all-condition measure of readmissions, as determined appropriate by the Secretary. In expanding such applicable conditions, the Secretary shall seek the endorsement described in subparagraph (A)(ii)(I) but may apply such measures without such an endorsement.

`(E) READMISSION- The term `readmission' means, in the case of an individual who is discharged from an applicable hospital, the admission of the individual to the same or another applicable hospital within a time period specified by the Secretary from the date of such discharge. Insofar as the discharge relates to an applicable condition for which there is an endorsed measure described in subparagraph (A)(ii)(I), such time period (such as 30 days) shall be consistent with the time period specified for such measure.

`(6) LIMITATIONS ON REVIEW- There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of--

`(A) the determination of base operating DRG payment amounts;

`(B) the methodology for determining the adjustment factor under paragraph (3), including excess readmissions ratio under paragraph (4)(C), aggregate payments for excess readmissions under paragraph (4)(A), and aggregate payments for all discharges under paragraph (4)(B), and applicable periods and applicable conditions under paragraph (5);

`(C) the measures of readmissions as described in paragraph (5)(A)(ii); and

`(D) the determination of a targeted hospital under paragraph (8)(B)(i), the increase in payment under paragraph (8)(B)(ii), the aggregate cap under paragraph (8)(C)(i), the hospital-specific limit under paragraph (8)(C)(ii), and the form of payment made by the Secretary under paragraph (8)(D).

`(7) MONITORING INAPPROPRIATE CHANGES IN ADMISSIONS PRACTICES- The Secretary shall monitor the activities of applicable hospitals to determine if such hospitals have taken steps to avoid patients at risk in order to reduce the likelihood of increasing readmissions for applicable conditions or taken other inappropriate steps

involving readmissions or transfers. If the Secretary determines that such a hospital has taken such a step, after notice to the hospital and opportunity for the hospital to undertake action to alleviate such steps, the Secretary may impose an appropriate sanction.

`(8) ASSISTANCE TO CERTAIN HOSPITALS-

`(A) IN GENERAL- For purposes of providing funds to applicable hospitals to take steps described in subparagraph (E) to address factors that may impact readmissions of individuals who are discharged from such a hospital, for fiscal years beginning on or after October 1, 2011, the Secretary shall make a payment adjustment for a hospital described in subparagraph (B), with respect to each such fiscal year, by a percent estimated by the Secretary to be consistent with subparagraph (C). The Secretary shall provide priority to hospitals that serve Medicare beneficiaries at highest risk for readmission or for a poor transition from such a hospital to a post-hospital site of care.

`(B) TARGETED HOSPITALS- Subparagraph (A) shall apply to an applicable hospital that--

`(i) had (or, in the case of an 1814(b)(3) hospital, otherwise would have had) a disproportionate patient percentage (as defined in section 1886(d)(5)(F)) of at least 30 percent, using the latest available data as estimated by the Secretary; and

`(E) USE OF ADDITIONAL PAYMENT-

`(i) IN GENERAL- Funding under this paragraph shall be used by targeted hospitals for activities designed to address the patient noncompliance issues that result in higher than normal readmission rates, including transitional care services described in clause (ii) and any or all of the other activities described in clause (iii).

`(ii) TRANSITIONAL CARE SERVICES- The transitional care services described in this clause are transitional care services furnished by a qualified transitional care provider, such as a nurse or other health professional, who meets relevant experience and training requirements as specified by the Secretary that support a beneficiary under this section beginning on the date of an individual's admission to a hospital for inpatient hospital services and ending at the latest on the last day of the 90-day period beginning on the date of the individual's discharge from the applicable hospital. The Secretary shall determine and update services to be included in transitional care services under this clause as appropriate, based on evidence of their effectiveness in reducing hospital readmissions and improving health outcomes. Such services shall include the following:

Such report shall consider information on the effective uses of such funds, how the uses of such funds affected hospital readmission rates (including at 6 months post-discharge), health outcomes and quality, reductions in expenditures under this title and the experiences of beneficiaries, primary caregivers, and providers, as well as any appropriate recommendations.'
- (b) Application to Critical Access Hospitals- Section 1814(l) of the Social Security Act (42 U.S.C. 1395f(l)) is amended--

(2) DEVELOPMENT AND APPLICATION OF PERFORMANCE MEASURES-

(A) IN GENERAL- The Secretary of Health and Human Services shall develop appropriate measures of readmission rates for post acute care providers. The Secretary shall seek endorsement of such measures by the entity with a contract under section 1890(a) of the Social Security Act but may adopt and apply such measures under this paragraph without such an endorsement. The Secretary shall expand such measures in a manner similar to the manner in which applicable conditions are expanded under paragraph (5)(B) of section 1886(p) of the Social Security Act, as added by subsection (a).

(B) IMPLEMENTATION- The Secretary shall apply, on or after October 1, 2014, with respect to post acute care providers, policies similar to the policies applied with respect to applicable hospitals and critical access hospitals under the amendments made by subsection (a). The provisions of paragraph (1) shall apply with respect to any period on or after October 1, 2014, and before such application date described in the previous sentence in the same manner as such provisions apply with respect to fiscal or rate year 2014.

(C) MONITORING AND PENALTIES- The provisions of paragraph (7) of such section 1886(p) shall apply to providers under this paragraph in the same manner as they apply to hospitals under such section.

## **SEC. 1152. POST ACUTE CARE SERVICES PAYMENT REFORM PLAN AND BUNDLING PILOT PROGRAM.**

(a) Plan-

(1) IN GENERAL- The Secretary of Health and Human Services (in this section referred to as the `Secretary') shall develop a detailed plan to reform payment for post acute care (PAC) services under the Medicare program under title XVIII of the Social Security Act (in this section referred to as the `Medicare program'). The goals of such payment reform are to--

(A) improve the coordination, quality, and efficiency of such services; and

(B) improve outcomes for individuals such as reducing the need for readmission to hospitals from providers of such services.

(2) BUNDLING POST ACUTE SERVICES- The plan described in paragraph (1) shall include detailed specifications for a bundled payment for post acute services (in this section referred to as the `post acute care bundle'), and may include other approaches determined appropriate by the Secretary.

(3) POST ACUTE SERVICES- For purposes of this section, the term `post acute services' means services for which payment may be made under the Medicare program that are furnished by skilled nursing facilities, inpatient rehabilitation facilities, long term care hospitals, hospital based outpatient rehabilitation facilities and home health

agencies to an individual after discharge of such individual from a hospital, and such other services determined appropriate by the Secretary.

(b) Details- The plan described in subsection (a)(1) shall include consideration of the following issues:

(1) The nature of payments under a post acute care bundle, including the type of provider or entity to whom payment should be made, the scope of activities and services included in the bundle, whether payment for physicians' services should be included in the bundle, and the period covered by the bundle.

(2) Whether the payment should be consolidated with the payment under the inpatient prospective system under section 1886 of the Social Security Act (in this section referred to as MS-DRGs) or a separate payment should be established for such bundle, and if a separate payment is established, whether it should be made only upon use of post acute care services or for every discharge.

(3) Whether the bundle should be applied across all categories of providers of inpatient services (including critical access hospitals) and post acute care services or whether it should be limited to certain categories of providers, services, or discharges, such as high volume or high cost MS-DRGs.

(4) The extent to which payment rates could be established to achieve offsets for efficiencies that could be expected to be achieved with a bundle payment, whether such rates should be established on a national basis or for different geographic areas, should vary according to discharge, case mix, outliers, and geographic differences in wages or other appropriate adjustments, and how to update such rates.

(5) The nature of protections needed for individuals under a system of bundled payments to ensure that individuals receive quality care, are furnished the level and amount of services needed as determined by an appropriate assessment instrument, are offered choice of provider, and the extent to which transitional care services would improve quality of care for individuals and the functioning of a bundled post-acute system.

(6) The nature of relationships that may be required between hospitals and providers of post acute care services to facilitate bundled payments, including the application of gainsharing, anti-referral, anti-kickback, and anti-trust laws.

(7) Quality measures that would be appropriate for reporting by hospitals and post acute providers (such as measures that assess changes in functional status and quality measures appropriate for each type of post acute services provider including how the reporting of such quality measures could be coordinated with other reporting of such quality measures by such providers otherwise required).

(8) How cost-sharing for a post acute care bundle should be treated relative to current rules for cost-sharing for inpatient hospital, home health, skilled nursing facility, and other services.

(9) How other programmatic issues should be treated in a post acute care bundle, including rules specific to various types of post-acute providers such as the post-acute transfer policy, 3-day hospital stay to qualify for services furnished by skilled nursing facilities, and the coordination of payments and care under the Medicare program and the Medicaid program.

(10) Such other issues as the Secretary deems appropriate.

(c) Consultations and Analysis-

(1) CONSULTATION WITH STAKEHOLDERS- In developing the plan under subsection (a)(1), the Secretary shall consult with relevant stakeholders and shall consider

experience with such research studies and demonstrations that the Secretary determines appropriate.

(2) ANALYSIS AND DATA COLLECTION- In developing such plan, the Secretary shall-

(A) analyze the issues described in subsection (b) and other issues that the Secretary determines appropriate;

(B) analyze the impacts (including geographic impacts) of post acute service reform approaches, including bundling of such services on individuals, hospitals, post acute care providers, and physicians;

(C) use existing data (such as data submitted on claims) and collect such data as the Secretary determines are appropriate to develop such plan required in this section; and

(D) if patient functional status measures are appropriate for the analysis, to the extent practical, build upon the CARE tool being developed pursuant to section 5008 of the Deficit Reduction Act of 2005.

(d) Administration-

(1) FUNDING- For purposes of carrying out the provisions of this section, in addition to funds otherwise available, out of any funds in the Treasury not otherwise appropriated, there are appropriated to the Secretary for the Center for Medicare & Medicaid Services Program Management Account \$15,000,000 for each of the fiscal years 2010 through 2012. Amounts appropriated under this paragraph for a fiscal year shall be available until expended.

(2) EXPEDITED DATA COLLECTION- Chapter 35 of title 44, United States Code, shall not apply to this section.

(e) Public Reports-

(1) INTERIM REPORTS- The Secretary shall issue interim public reports on a periodic basis on the plan described in subsection (a)(1), the issues described in subsection (b), and impact analyses as the Secretary determines appropriate.

(2) FINAL REPORT- Not later than the date that is 3 years after the date of the enactment of this Act, the Secretary shall issue a final public report on such plan, including analysis of issues described in subsection (b) and impact analyses.

(1) IN GENERAL- By not later than January 1, 2011, the Secretary shall, for the purpose of promoting the use of bundled payments to promote efficient, coordinated, and high quality delivery of care--

(A) convert the acute care episode demonstration program conducted under section 1866C to a pilot program; and

`(ii) COLLABORATIVE CARE NETWORK DEFINED- For purposes of this subparagraph, the term `collaborative care network' means a consortium of health care providers that provides a comprehensive range of coordinated and integrated health care services to low-income patient populations (including the uninsured) which may include coordinated and comprehensive care by safety net providers to reduce any unnecessary use of items and services furnished in emergency departments, manage chronic conditions, improve quality and efficiency of care, increase preventive services, and promote adherence to post-acute and follow-up care plans.

`(iii) CONTINUING CARE HOSPITAL DEFINED- For purposes of this subparagraph, the term `continuing care hospital' means an entity that has demonstrated the ability to meet patient care and patient safety standards and that provides under common management the medical and rehabilitation services provided in inpatient rehabilitation hospitals and units (as defined in section 1886(d)(1)(B)(ii)), long-term care hospitals (as defined in section 1886(d)(1)(B)(iv)(I)), and skilled nursing facilities (as defined in section 1819(a)) that are located in a hospital described in section 1886(d).

`(b) Scope- The Secretary shall set specific goals for the number of acute and post-acute bundling test sites under the pilot program to ensure that over time the pilot program is of sufficient size and scope to--

- `(1) test the approaches under the pilot program in a variety of settings, including urban, rural, and underserved areas;
- `(2) include geographic areas and additional conditions that account for significant program spending, as defined by the Secretary; and
- `(3) subject to subsection (d), disseminate the pilot program rapidly on a national basis.

To the extent that the Secretary finds inpatient and post acute care bundling to be successful in improving quality and reducing costs, the Secretary shall implement such mechanisms and reforms under the pilot program on as large a geographic scale as practical and economical, consistent with subsection (e). Nothing in this subsection shall be construed as limiting the number of hospital and physician groups or the number of hospital and post-acute provider groups that may participate in the pilot program.

`(c) Limitation- The Secretary shall only expand the pilot program under subsection (a) if the Secretary finds that--

- `(1) the demonstration program under section 1866C and pilot program under this section maintain or increase the quality of care received by individuals enrolled under this title; and
- `(2) such demonstration program and pilot program reduce program expenditures and, based on the certification under subsection (d), that the expansion of such pilot program would result in estimated spending that would be less than what spending would otherwise be in the absence of this section.

`(d) Certification- For purposes of subsection (c), the Chief Actuary of the Centers for Medicare & Medicaid Services shall certify whether expansion of the pilot program under this section would result in estimated spending that would be less than what spending would otherwise be in the absence of this section.

`(e) Voluntary Participation- Nothing in this paragraph shall be construed as requiring the participation of an entity in the pilot program under this section.

`(f) Evaluation on Cost and Quality of Care- The Secretary shall conduct an evaluation of the pilot program under subsection (a) to study the effect of such program on costs and quality of care. The findings of such evaluation shall be included in the final report required under section 1152(e)(2) of the Affordable Health Care for America Act.

### **SEC. 1158. REVISION OF MEDICARE PAYMENT SYSTEMS TO ADDRESS GEOGRAPHIC INEQUITIES.**

- (1) FUNDING FOR IMPROVEMENTS- For years before 2014, the Secretary shall ensure that the additional expenditures resulting from the implementation of the provisions of this section, as estimated by the Secretary, do not exceed \$8,000,000,000, and do not exceed half of such amount in any payment year.
  - (2) HOLD HARMLESS- In carrying out this subsection--
    - (A) for payment years before 2014, the Secretary shall not reduce the geographic adjustment below the factor that applied for such payment system in the payment year before such changes; and
    - (B) for payment years beginning with 2014, the Secretary shall implement the geographic adjustment in a manner that does not result in any net change in aggregate expenditures under title XVIII of the Social Security Act from the amount of such expenditures that the Secretary estimates would have occurred if no geographic adjustment had occurred under this section.
- (c) Medicare Improvement Fund-
- (1) Amounts in the Medicare Improvement Fund under section 1898 of the Social Security Act, as amended by paragraph (2), shall be available to the Secretary to make changes to the geographic adjustments factors as described in subsections (a) and (b) with respect to services furnished before January 1, 2014. `(B) the maximum amount of funds available under subsection (a) of such section for funding for such expenditures.'.

## **SEC. 1159. INSTITUTE OF MEDICINE STUDY OF GEOGRAPHIC VARIATION IN HEALTH CARE SPENDING AND PROMOTING HIGH-VALUE HEALTH CARE.**

(a) In General- The Secretary of Health and Human Services (in this section and the succeeding section referred to as the `Secretary') shall enter into an agreement with the Institute of Medicine of the National Academies (referred to in this section as the `Institute') to conduct a study on geographic variation and growth in volume and intensity of services in per capita health care spending among the Medicare, Medicaid, privately insured and uninsured populations. Such study may draw on recent relevant reports of the Institute and shall include each of the following:

(1) An evaluation of the extent and range of such variation using various units of geographic measurement, including micro areas within larger areas.

(2) An evaluation of the extent to which geographic variation can be attributed to differences in input prices; health status; practice patterns; access to medical services; supply of medical services; socio-economic factors, including race, ethnicity, gender, age, income and educational status; and provider and payer organizational models.

(3) An evaluation of the extent to which variations in spending are correlated with patient access to care, insurance status, distribution of health care resources, health care outcomes, and consensus-based measures of health care quality.

(4) An evaluation of the extent to which variation can be attributed to physician and practitioner discretion in making treatment decisions, and the degree to which discretionary treatment decisions are made that could be characterized as different from the best available medical evidence.

(5) An evaluation of the extent to which variation can be attributed to patient preferences and patient compliance with treatment protocols.

(6) An assessment of the degree to which variation cannot be explained by empirical evidence.

(7) For Medicare beneficiaries, An evaluation of the extent to which variations in spending are correlated with insurance status prior to enrollment in the Medicare program under title XVIII of the Social Security Act, and institutionalization status; whether beneficiaries are dually eligible for the Medicare program and Medicaid under

title XIX of such Act; and whether beneficiaries are enrolled in fee-for-service Medicare or Medicare Advantage.

(8) An evaluation of such other factors as the Institute deems appropriate.

The Institute shall conduct public hearings and provide an opportunity for comments prior to completion of the reports under subsection (e).

(b) Recommendations- Taking into account the findings under subsection (a) and the changes to the payment systems made by this Act, the Institute shall recommend changes to payment for items and services under parts A and B of title XVIII of the Social Security Act, for addressing variation in Medicare per capita spending for items and services (not including add-ons for graduate medical education, disproportionate share payments, and health information technology, as specified in sections 1886(d)(5)(F), 1886(d)(5)(B), 1886(h), 1848(o), and 1886(n), respectively, of such Act) by promoting high-value care (as defined in subsection (f)), with particular attention to high-volume, high-cost conditions. In making such recommendations, the Institute shall consider each of the following:

(1) Measurement and reporting on quality and population health.

(2) Reducing fragmented and duplicative care.

(3) Promoting the practice of evidence-based medicine.

(4) Empowering patients to make value-based care decisions.

(5) Leveraging the use of health information technology.

(6) The role of financial and other incentives affecting provision of care.

(7) Variation in input costs.

(8) The characteristics of the patient population, including socio-economic factors (including race, ethnicity, gender, age, income and educational status), and whether the beneficiaries are dually eligible for the Medicare program under title XVIII of the Social Security Act and Medicaid under title XIX of such Act.

(9) Other topics the Institute deems appropriate.

In making such recommendations, the Institute shall consider an appropriate phase-in that takes into account the impact of payment changes on providers and facilities and preserves access to care for Medicare beneficiaries.

(c) Specific Considerations- In making the recommendations under subsection (b), the Institute shall specifically address whether payment systems under title XVIII of the Social Security Act for physicians and hospitals should be further modified to incentivize high-value care. In so doing, the Institute shall consider the adoption of a value index based on a composite of appropriate measures of quality and cost that would adjust provider payments on a regional or provider-level basis. If the Institute finds that application of such a value index would significantly incentivize providers to furnish high-value care, it shall make specific recommendations on how such an index would be designed and implemented. In so doing, it should identify specific measures of quality and cost appropriate for use in such an index, and include a thorough analysis (including on a geographic basis) of how payments and spending under such title would be affected by such an index.

(d) Additional Considerations- The Institute shall consider the experience of governmental and community-based programs that promote high-value care.

(e) Reports-

(1) Not later than April 15, 2011, the Institute shall submit to the Secretary and each House of Congress a report containing findings and recommendations of the study conducted under this section.

(2) Following submission of the report under paragraph (1), the Institute shall use the data collected and analyzed in this section to issue a subsequent report, or series of reports, on how best to address geographic variation or efforts to promote high-value care for items and services reimbursed by private insurance or other programs. Such reports shall include a comparison to the Institute's findings and recommendations regarding the Medicare program. Such reports, and any recommendations, would not be subject to the procedures outlined in section 1160.

(f) High-value Care Defined- For purposes of this section, the term `high-value care' means the efficient delivery of high quality, evidence-based, patient-centered care.

(g) Appropriations- There is appropriated from amounts in the general fund of the Treasury not otherwise appropriated \$10,000,000 to carry out this section. Such sums are authorized to remain available until expended.

To the extent such implementation plan requires a substantial change to the payment system, it shall include a transition phase-in that takes into consideration possible disruption to provider participation in the Medicare program under title XVIII of the Social Security Act and preserves access to care for Medicare beneficiaries.

(2) PRELIMINARY IMPLEMENTATION PLAN- Not later than 90 days after the date the Institute of Medicine submits to each House of Congress the report under section 1159(e)(1), the Secretary shall submit to each House of Congress a preliminary version of the implementation plan provided for under paragraph (1)(A).

(3) NO INCREASE IN BUDGET EXPENDITURES- The Secretary shall include with the submission of the final implementation plan under paragraph (1) a certification by the Chief Actuary of the Centers for Medicare & Medicaid Services that over the initial 10-year period in which the plan is implemented, the aggregate level of net expenditures under the Medicare program under title XVIII of the Social Security Act will not exceed the aggregate level of such expenditures that would have occurred if the plan were not implemented.

(4) WAIVERS REQUIRED- To the extent the final implementation plan under paragraph (1) proposes changes that are not otherwise permitted under title XVIII of the Social

Security Act, the Secretary shall specify in the plan the specific waivers required under such title to implement such changes. Except as provided in subsection (c), the Secretary is authorized to waive the requirements so specified in order to implement such changes.

(5) ASSESSMENT OF IMPACT- In addition, both the preliminary and final implementation plans under this subsection shall include a detailed assessment of the effects of the proposed payment changes by provider or supplier type and State relative to the payments that would otherwise apply.

(b) Review by MedPAC and GAO- Not later than 45 days after the date the preliminary implementation plan is received by each House of Congress under subsection (a)(2), the Medicare Payment Advisory Committee and the Comptroller General of the United States shall each evaluate such plan and submit to each House of Congress a report containing its analysis and recommendations regarding implementation of the plan, including an analysis of the effects of the proposed changes in the plan on payments and projected spending.

(c) Implementation-

(1) IN GENERAL- The Secretary shall include, in applicable proposed rules for the next rulemaking cycle beginning after the Congressional action deadline, appropriate proposals to revise payments under title XVIII of the Social Security Act in accordance with the final implementation plan submitted under subsection (a)(1), and the waivers specified in subsection (a)(4) to the extent required to carry out such plan are effective, unless a joint resolution (described in subsection (d)(5)(A)) with respect to such plan is enacted by not later than such deadline. If such a joint resolution is enacted, the Secretary is not authorized to implement such plan and the waiver authority provided under subsection (a)(4) shall no longer be effective.

(2) CONGRESSIONAL ACTION DEADLINE- For purposes of this section, the term 'Congressional action deadline' means, with respect to a final implementation plan under subsection (a)(1), May 31, 2012, or, if later, the date that is 145 days after the date of receipt of such plan by each House of Congress under subsection (a).

(d) Congressional Procedures-

(1) INTRODUCTION- On the day on which the final implementation plan is received by the House of Representatives and the Senate under subsection (a), a joint resolution specified in paragraph (5)(A) shall be introduced in the House of Representatives by the majority leader and minority leader of the House of Representatives and in the Senate by the majority leader and minority leader of the Senate. If either House is not in session on the day on which such a plan is received, the joint resolution with respect to such plan shall be introduced in that House, as provided in the preceding sentence, on the first day thereafter on which that House is in session.

(2) CONSIDERATION IN THE HOUSE OF REPRESENTATIVES-

(A) REPORTING AND DISCHARGE- Any committee of the House of Representatives to which a joint resolution introduced under paragraph (1) is referred shall report such joint resolution to the House not later than 50 legislative days after the applicable date of introduction of the joint resolution. If a committee fails to report such joint resolution within that period, a motion to discharge the committee from further consideration of the joint resolution shall be in order. Such a motion shall be in order only at a time designated by the Speaker in the legislative schedule within two legislative days after the day on which the proponent announces an intention to offer the motion. Notice may not be given on an anticipatory basis. Such a motion shall not be in order after the last

committee authorized to consider the joint resolution reports it to the House or after the House has disposed of a motion to discharge the joint resolution. The previous question shall be considered as ordered on the motion to its adoption without intervening motion except 20 minutes of debate equally divided and controlled by the proponent and an opponent. A motion to reconsider the vote by which the motion is disposed of shall not be in order.

### **TITLE III--PROMOTING PRIMARY CARE, MENTAL HEALTH SERVICES, AND COORDINATED CARE**

#### **SEC. 1301. ACCOUNTABLE CARE ORGANIZATION PILOT PROGRAM.**

Title XVIII of the Social Security Act is amended by inserting after section 1866D, as added by section 1152(f), the following new section:

#### **ACCOUNTABLE CARE ORGANIZATION PILOT PROGRAM**

Sec. 1866E. (a) Establishment-

(1) In General- The Secretary shall conduct a pilot program (in this section referred to as the 'pilot program') to test different payment incentive models, including (to the extent practicable) the specific payment incentive models described in subsection (c), designed to reduce the growth of expenditures and improve health outcomes in the provision of items and services under this title to applicable beneficiaries (as defined in subsection (e)) by qualifying accountable care organizations (as defined in subsection (b)(1)) in order to--

(A) promote accountability for a patient population and coordinate items and services under parts A and B (and may include Part D, if the Secretary determines appropriate);

(B) encourage investment in infrastructure and redesigned care processes for high quality and efficient service delivery; and

(C) reward physician practices and other physician organizational models for the provision of high quality and efficient health care services.

(2) Scope- The Secretary shall set specific goals for the number of accountable care organizations, participating practitioners, and patients served in the initial tests under the pilot program to ensure that the pilot program is of sufficient size and scope to--

(A) test the approach involved in a variety of settings, including urban, rural, and underserved areas; and

(B) subject to subsection (g)(1), disseminate such approach rapidly on a national basis.

To the extent that the Secretary finds a qualifying accountable care organization model to be successful in improving quality and reducing costs, the Secretary shall seek to implement such models on as large a geographic scale as practical and economical.

(b) Qualifying Accountable Care Organizations (ACOs)-

(1) QUALIFYING ACO DEFINED- In this section:

(A) IN GENERAL- The terms 'qualifying accountable care organization' and 'qualifying ACO' mean a group of physicians or other physician organizational model (as defined in subparagraph (D)) that--

(i) is organized at least in part for the purpose of providing physicians' services; and

(ii) meets such criteria as the Secretary determines to be appropriate to participate in the pilot program, including the criteria specified in paragraph (2).

(B) INCLUSION OF OTHER PROVIDERS OF SERVICES AND SUPPLIERS- Nothing in this subsection shall be construed as preventing a qualifying ACO from including a hospital or any other provider of services or supplier furnishing items or services for which payment may be made under this title that is affiliated with the ACO under an

arrangement structured so that such provider or supplier participates in the pilot program and shares in any incentive payments under the pilot program.

`(C) PHYSICIAN- The term `physician' includes, except as the Secretary may otherwise provide, any individual who furnishes services for which payment may be made as physicians' services under this title.

`(D) OTHER PHYSICIAN ORGANIZATIONAL MODEL- The term `other physician organization model' means, with respect to a qualifying ACO any model of organization under which physicians enter into agreements with other providers of services for the purposes of participation in the pilot program in order to provide high quality and efficient health care services and share in any incentive payments under such program.

`(E) OTHER SERVICES- Nothing in this paragraph shall be construed as preventing a qualifying ACO from furnishing items or services, for which payment may not be made under this title, for purposes of achieving performance goals under the pilot program.

`(2) QUALIFYING CRITERIA- The following are criteria described in this paragraph for an organized group of physicians to be a qualifying ACO:

`(A) The group has a legal structure that would allow the group to receive and distribute incentive payments under this section.

`(B) The group includes a sufficient number of primary care physicians (regardless of specialty) for the applicable beneficiaries for whose care the group is accountable (as determined by the Secretary).

`(C) The group reports on quality measures in such form, manner, and frequency as specified by the Secretary (which may be for the group, for providers of services and suppliers, or both).

`(D) The group reports to the Secretary (in a form, manner and frequency as specified by the Secretary) such data as the Secretary determines appropriate to monitor and evaluate the pilot program.

`(E) The group provides notice to applicable beneficiaries regarding the pilot program (as determined appropriate by the Secretary).

`(F) The group contributes to a best practices network or website, that shall be maintained by the Secretary for the purpose of sharing strategies on quality improvement, care coordination, and efficiency that the groups believe are effective.

`(G) The group utilizes patient-centered processes of care, including those that emphasize patient and caregiver involvement in planning and monitoring of ongoing care management plan.

`(H) The group meets other criteria determined to be appropriate by the Secretary.

`(c) Specific Payment Incentive Models- The specific payment incentive models described in this subsection are the following:

`(1) PERFORMANCE TARGET MODEL- Under the performance target model under this paragraph (in this paragraph referred to as the `performance target model'):

`(A) IN GENERAL- A qualifying ACO qualifies to receive an incentive payment if expenditures for items and services for applicable beneficiaries are less than a target spending level or a target rate of growth. The incentive payment shall be made only if savings are greater than would result from normal variation in expenditures for items and services covered under parts A and B (and may include Part D, if the Secretary determines appropriate).

`(B) COMPUTATION OF PERFORMANCE TARGET-

`(i) IN GENERAL- The Secretary shall establish a performance target for each qualifying ACO comprised of a base amount (described in clause (ii)) increased to the current year

by an adjustment factor (described in clause (iii)). Such a target may be established on a per capita basis or adjusted for risk, as the Secretary determines to be appropriate.

`(ii) BASE AMOUNT- For purposes of clause (i), the base amount in this subparagraph is equal to the average total payments (or allowed charges) under parts A and B (and may include part D, if the Secretary determines appropriate) for applicable beneficiaries for whom the qualifying ACO furnishes items and services in a base period determined by the Secretary. Such base amount may be determined on a per capita basis or adjusted for risk.

`(iii) ADJUSTMENT FACTOR- For purposes of clause (i), the adjustment factor in this clause may equal an annual per capita amount that reflects changes in expenditures from the period of the base amount to the current year that would represent an appropriate performance target for applicable beneficiaries (as determined by the Secretary).

`(iv) REBASING- Under this model the Secretary shall periodically rebase the base expenditure amount described in clause (ii).

`(C) MEETING TARGET-

`(i) IN GENERAL- Subject to clause (ii), a qualifying ACO that meets or exceeds annual quality and performance targets for a year shall receive an incentive payment for such year equal to a portion (as determined appropriate by the Secretary) of the amount by which payments under this title for such year are estimated to be below the performance target for such year, as determined by the Secretary. The Secretary may establish a cap on incentive payments for a year for a qualifying ACO.

`(ii) LIMITATION- The Secretary shall limit incentive payments to each qualifying ACO under this paragraph as necessary to ensure that the aggregate expenditures with respect to applicable beneficiaries for such ACOs under this title (inclusive of incentive payments described in this subparagraph) do not exceed the amount that the Secretary estimates would be expended for such ACO for such beneficiaries if the pilot program under this section were not implemented.

`(D) REPORTING AND OTHER REQUIREMENTS- In carrying out such model, the Secretary may (as the Secretary determines to be appropriate) incorporate reporting requirements, incentive payments, and penalties related to the physician quality reporting initiative (PQRI), electronic prescribing, electronic health records, and other similar initiatives under section 1848, and may use alternative criteria than would otherwise apply under such section for determining whether to make such payments. The incentive payments described in this subparagraph shall not be included in the limit described in subparagraph (C)(ii) or in the performance target model described in this paragraph.

`(2) PARTIAL CAPITATION MODEL-

`(A) IN GENERAL- Subject to subparagraph (B), a partial capitation model described in this paragraph (in this paragraph referred to as a `partial capitation model') is a model in which a qualifying ACO would be at financial risk for some, but not all, of the items and services covered under parts A and B (and may include part D, if the Secretary determines appropriate), such as at risk for some or all physicians' services or all items and services under part B. The Secretary may limit a partial capitation model to ACOs that are highly integrated systems of care and to ACOs capable of bearing risk, as determined to be appropriate by the Secretary.

`(B) NO ADDITIONAL PROGRAM EXPENDITURES- Payments to a qualifying ACO for items and services under this title for applicable beneficiaries for a year under the partial

capitation model shall be established in a manner that does not result in spending more for such ACO for such beneficiaries than would otherwise be expended for such ACO for such beneficiaries for such year if the pilot program were not implemented, as estimated by the Secretary.

`(3) OTHER PAYMENT MODELS-

`(A) IN GENERAL- Subject to subparagraph (B), the Secretary may develop other payment models that meet the goals of this pilot program to improve quality and efficiency.

`(B) NO ADDITIONAL PROGRAM EXPENDITURES- Subparagraph (B) of paragraph (2) shall apply to a payment model under subparagraph (A) in a similar manner as such subparagraph (B) applies to the payment model under paragraph (2).

`(d) Annual Quality Targets-

`(1) IN GENERAL- The Secretary shall establish annual quality targets that qualifying ACOs must meet to receive incentive payments, operate at financial risk, or otherwise participate in alternative financing models under this section. The Secretary shall establish a process for developing annual targets based on ACO reporting of multiple quality measures. In selecting measures the Secretary shall--

`(A) for years one and two of each ACOs participation in the pilot program established by this section, require reporting of a starter set of measures focused on clinical care, care coordination and patient experience of care; and

`(B) for each subsequent year, require reporting of a more comprehensive set of clinical outcomes measures, care coordination measures and patient experience of care measures.

`(2) MEASURE SELECTION- To the extent feasible, the Secretary shall select measures that reflect national priorities for quality improvement and patient-centered care consistent with the measures developed under section 1192(c)(1).

`(e) Applicable Beneficiaries-

`(1) IN GENERAL- In this section, the term 'applicable beneficiary' means, with respect to a qualifying ACO, an individual who--

`(A) is enrolled under part B and entitled to benefits under part A;

`(B) is not enrolled in a Medicare Advantage plan under part C or a PACE program under section 1894; and

`(C) meets such other criteria as the Secretary determines appropriate, which may include criteria relating to frequency of contact with physicians in the ACO

`(2) FOLLOWING APPLICABLE BENEFICIARIES- The Secretary may monitor data on expenditures and quality of services under this title after an applicable beneficiary discontinues receiving services under this title through a qualifying ACO.

`(f) Implementation-

`(1) STARTING DATE- The pilot program shall begin no later than January 1, 2012. An agreement with a qualifying ACO under the pilot program may cover a multi-year period of between 3 and 5 years.

`(2) WAIVER- The Secretary may waive such provisions of this title (including section 1877) and title XI in the manner the Secretary determines necessary in order implement the pilot program.

`(3) PERFORMANCE RESULTS REPORTS- The Secretary shall report performance results to qualifying ACOs under the pilot program at least annually.

`(4) LIMITATIONS ON REVIEW- There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of--

- `(A) the elements, parameters, scope, and duration of the pilot program;
  - `(B) the selection of qualifying ACOs for the pilot program;
  - `(C) the establishment of targets, measurement of performance, determinations with respect to whether savings have been achieved and the amount of savings;
  - `(D) determinations regarding whether, to whom, and in what amounts incentive payments are paid; and
  - `(E) decisions about the extension of the program under subsection (h), expansion of the program under subsection (i) or extensions under subsection (j) or (k).
- `(5) ADMINISTRATION- Chapter 35 of title 44, United States Code, shall not apply to this section.
- `(g) Evaluation; Monitoring-
- `(1) IN GENERAL- The Secretary shall evaluate the payment incentive model for each qualifying ACO under the pilot program to assess impacts on beneficiaries, providers of services, suppliers and the program under this title. The Secretary shall make such evaluation publicly available within 60 days of the date of completion of such report.
  - `(2) MONITORING- The Inspector General of the Department of Health and Human Services shall provide for monitoring of the operation of ACOs under the pilot program with regard to violations of section 1877 (popularly known as the `Stark law').
- `(h) Extension of Pilot Agreement With Successful Organizations-
- `(1) REPORTS TO CONGRESS- Not later than 2 years after the date the first agreement is entered into under this section, and biennially thereafter for six years, the Secretary shall submit to Congress and make publicly available a report on the use of ACO payment models under the pilot program. Each report shall address the impact of the use of those models on expenditures, access, and quality under this title.
  - `(2) EXTENSION- Subject to the report provided under paragraph (1), with respect to a qualifying ACO, the Secretary may extend the duration of the agreement for such ACO under the pilot program as the Secretary determines appropriate if--
    - `(A) the ACO receives incentive payments with respect to any of the first 4 years of the pilot agreement and is consistently meeting quality standards or
    - `(B) the ACO is consistently exceeding quality standards and is not increasing spending under the program.
  - `(3) TERMINATION- The Secretary may terminate an agreement with a qualifying ACO under the pilot program if such ACO did not receive incentive payments or consistently failed to meet quality standards in any of the first 3 years under the program.
- `(i) Expansion to Additional ACOs-
- `(1) TESTING AND REFINEMENT OF PAYMENT INCENTIVE MODELS- Subject to the evaluation described in subsection (g), the Secretary may enter into agreements under the pilot program with additional qualifying ACOs to further test and refine payment incentive models with respect to qualifying ACOs.
  - `(2) EXPANDING USE OF SUCCESSFUL MODELS TO PROGRAM IMPLEMENTATION-
    - `(A) IN GENERAL- Subject to subparagraph (B), the Secretary may issue regulations to implement, on a permanent basis, 1 or more models if, and to the extent that, such models are beneficial to the program under this title, as determined by the Secretary.
    - `(B) CERTIFICATION- The Chief Actuary of the Centers for Medicare & Medicaid Services shall certify that 1 or more of such models described in subparagraph (A) would result in estimated spending that would be less than what spending would otherwise be estimated to be in the absence of such expansion.

`(j) Treatment of Physician Group Practice Demonstration-

`(1) EXTENSION- The Secretary may enter in to an agreement with a qualifying ACO under the demonstration under section 1866A, subject to rebasing and other modifications deemed appropriate by the Secretary, until the pilot program under this section is operational.

`(2) TRANSITION- For purposes of extension of an agreement with a qualifying ACO under subsection (h)(2), the Secretary shall treat receipt of an incentive payment for a year by an organization under the physician group practice demonstration pursuant to section 1866A as a year for which an incentive payment is made under such subsection, as long as such practice group practice organization meets the criteria under subsection (b)(2).

`(k) Additional Provisions-

`(1) AUTHORITY FOR SEPARATE INCENTIVE ARRANGEMENTS- The Secretary may create separate incentive arrangements (including using multiple years of data, varying thresholds, varying shared savings amounts, and varying shared savings limits) for different categories of qualifying ACOs to reflect variation in average annual attributable expenditures and other matters the Secretary deems appropriate.

`(2) ENCOURAGEMENT OF PARTICIPATION OF SMALLER ORGANIZATIONS- In order to encourage the participation of smaller accountable care organizations under the pilot program, the Secretary may limit a qualifying ACO's exposure to high cost patients under the program.

`(3) INVOLVEMENT IN PRIVATE PAYER AND OTHER THIRD PARTY ARRANGEMENTS- The Secretary may give preference to ACOs who are participating in similar arrangements with other payers.

`(4) ANTIDISCRIMINATION LIMITATION- The Secretary shall not enter into an agreement with an entity to provide health care items or services under the pilot program, or with an entity to administer the program, unless such entity guarantees that it will not deny, limit, or condition the coverage or provision of benefits under the program, for individuals eligible to be enrolled under such program, based on any health status-related factor described in section 2702(a)(1) of the Public Health Service Act.

`(5) FUNDING- For purposes of administering and carrying out the pilot program, other than for payments for items and services furnished under this title and incentive payments under subsection (c)(1), in addition to funds otherwise appropriated, there are appropriated to the Secretary for the Center for Medicare & Medicaid Services Program Management Account \$25,000,000 for each of fiscal years 2010 through 2014 and \$20,000,000 for fiscal year 2015. Amounts appropriated under this paragraph for a fiscal year shall be available until expended.

`(6) NO DUPLICATION IN PAYMENTS TO PHYSICIANS IN MULTIPLE PILOTS- The Secretary shall not make payments under this section to any physician group that is paid under section 1866F (relating to medical homes) or section 1866G (relating to independence at home).'

`(1) IN GENERAL- The Secretary shall conduct a demonstration program (in this section referred to as the `demonstration program') to test a payment incentive and service delivery model that utilizes physician and nurse practitioner directed home-based primary care teams designed to reduce expenditures and improve health

outcomes in the provision of items and services under this title to applicable beneficiaries (as defined in subsection (d)).

`(2) REQUIREMENT- The demonstration program shall test whether a model described in paragraph (1), which is accountable for providing comprehensive, coordinated, continuous, and accessible care to high-need populations at home and coordinating health care across all treatment settings, results in--

`(A) reducing preventable hospitalizations;

`(B) preventing hospital readmissions;

`(C) reducing emergency room visits;

`(D) improving health outcomes commensurate with the beneficiaries' stage of chronic illness;

`(E) improving the efficiency of care, such as by reducing duplicative diagnostic and laboratory tests;

`(F) reducing the cost of health care services covered under this title; and

`(G) achieving beneficiary and family caregiver satisfaction.

`(b) Independence at Home Medical Practice-

`(1) INDEPENDENCE AT HOME MEDICAL PRACTICE DEFINED- In this section:

`(A) IN GENERAL- The term `independence at home medical practice' means a legal entity that--

`(i) is comprised of an individual physician or nurse practitioner or group of physicians and nurse practitioners that provides care as part of a team that includes physicians, nurses, physician assistants, pharmacists, and other health and social services staff as appropriate who have experience providing home-based primary care to applicable beneficiaries, make in-home visits, and are available 24 hours per day, 7 days per week to carry out plans of care that are tailored to the individual beneficiary's chronic conditions and designed to achieve the results in subsection (a);

`(iv) includes at least 200 applicable beneficiaries as defined in subsection (d);

`(v) has entered into an agreement with the Secretary;

`(vi) uses electronic health information systems, remote monitoring, and mobile diagnostic technology; and

`(vii) meets such other criteria as the Secretary determines to be appropriate to participate in the demonstration program.

`(B) PHYSICIAN- The term `physician' includes, except as the Secretary may otherwise provide, any individual who furnishes services for which payment may be made as physicians' services and has the medical training or experience to fulfill the physician's role described in subparagraph (A)(i).

`(2) PARTICIPATION OF NURSE PRACTITIONERS AND PHYSICIAN ASSISTANTS- Nothing in this section shall be construed to prevent a nurse practitioner or physician assistant from participating in, or leading, a home-based primary care team as part of an independence at home medical practice if--

`(A) all the requirements of this section are met;

`(B) the nurse practitioner or physician assistant, as the case may be, is acting consistent with State law; and

`(C) the nurse practitioner or physician assistant has the medical training or experience to fulfill the nurse practitioner or physician assistant role described in paragraph (1)(A)(i).

`(4) QUALITY AND PERFORMANCE STANDARDS-

`(A) IN GENERAL- An independence at home medical practice participating in the demonstration program shall report on quality measures (in such form, manner, and frequency as specified by the Secretary, which may be for the group, for providers of services and suppliers, or both) and report to the Secretary (in a form, manner, and frequency as specified by the Secretary) such data as the Secretary determines appropriate to monitor and evaluate the demonstration program.

The target shall also be adjusted for the size of the practice, number of practices included in the target spending level, characteristics of applicable beneficiaries and such other factors as the Secretary determines appropriate. The Secretary may periodically adjust or rebase the target spending level under this paragraph.

`(2) SHARED SAVINGS AMOUNTS-

`(A) IN GENERAL- Subject to subparagraph (B), qualifying independence at home medical practices are eligible to receive an incentive payment under this section if aggregate expenditures for a year for applicable beneficiaries are less than the target spending level for qualifying independence at home medical practices for such year. An incentive payment for such year shall be equal to a portion (as determined by the Secretary) of the amount by which total payments for applicable beneficiaries under parts A and B for such year are estimated to be less than 5 percent less than the target spending level for such year, as determined by the Secretary.

`(B) APPORTIONMENT OF SAVINGS- The Secretary shall designate how, and to what extent, an incentive payment under this section is to be apportioned among qualifying independence at home medical practices, taking into account the size of the practice, characteristics of the individuals enrolled in each practice, performance on quality performance measures, and such other factors as the Secretary determines appropriate.

`(3) SAVINGS TO THE MEDICARE PROGRAM- The Secretary shall limit incentive payments to each qualifying independence at home medical practice under this paragraph, with respect to a year, as necessary to ensure that the aggregate expenditures for items and services under parts A and B with respect to applicable beneficiaries for such independence at home medical practice (inclusive of shared savings payments) do not exceed the amount that the Secretary estimates would be expended for such items and services for such beneficiaries during such year (taking into account normal variation in expenditures and other factors the Secretary deems appropriate) if the demonstration program under this section were not implemented, minus 5 percent.

- `(g) Reports to Congress- The Secretary shall conduct an independent evaluation of the demonstration program and submit to Congress a final report, including best practices under the demonstration program. Such report shall include an analysis of the demonstration program on coordination of care, expenditures under this title, applicable beneficiary access to services, and the quality of health care services provided to applicable beneficiaries.
- `(h) Funding- For purposes of administering and carrying out the demonstration program, other than for payments for items and services furnished under this title and shared savings under subsection (c), in addition to funds otherwise appropriated, there shall be transferred to the Secretary for the Center for Medicare & Medicaid Services Program Management Account from the Federal Hospital Insurance Trust Fund under section 1817 and the Federal Supplementary Medical Insurance Trust Fund under section 1841 \$5,000,000 for each of fiscal years 2010 through 2015. `(j) Termination- The Secretary may terminate an agreement with an independence at home medical practice if such practice does not receive incentive payments under subsection (c)(2) or consistently fails to meet quality standards.'

## **TITLE V--MEDICARE GRADUATE MEDICAL EDUCATION**

### **SEC. 1501. DISTRIBUTION OF UNUSED RESIDENCY POSITIONS.**

(a) In General- Section 1886(h) of the Social Security Act (42 U.S.C. 1395ww(h)) is amended--

(1) in paragraph (4)(F)(i), by striking `paragraph (7)' and inserting `paragraphs (7) and (8)';

(2) in paragraph (4)(H)(i), by striking `paragraph (7)' and inserting `paragraphs (7) and (8)';

(3) in paragraph (7)(E), by inserting `and paragraph (8)' after `this paragraph'; and

(4) by adding at the end the following new paragraph:

`(8) ADDITIONAL REDISTRIBUTION OF UNUSED RESIDENCY POSITIONS-

`(A) REDUCTIONS IN LIMIT BASED ON UNUSED POSITIONS-

`(i) PROGRAMS SUBJECT TO REDUCTION- If a hospital's reference resident level (specified in clause (ii)) is less than the otherwise applicable resident limit (as defined in subparagraph (C)(ii)), effective for portions of cost reporting periods occurring on or after July 1, 2011, the otherwise applicable resident limit shall be reduced by 90 percent of the difference between such otherwise applicable resident limit and such reference resident level.

`(ii) REFERENCE RESIDENT LEVEL-

`(I) IN GENERAL- Except as otherwise provided in a subsequent subclause, the reference resident level specified in this clause for a hospital is the highest resident level for any of the 3 most recent cost reporting periods (ending before the date of the enactment of this paragraph) of the hospital for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

`(II) USE OF MOST RECENT ACCOUNTING PERIOD TO RECOGNIZE EXPANSION OF EXISTING PROGRAMS- If a hospital submits a timely request to increase its resident level due to an expansion, or planned expansion, of an existing residency training program that is not reflected on the most recent settled or submitted cost report, after audit and subject to the discretion of the Secretary, subject to subclause (IV), the reference resident level for such hospital is the resident level that includes the additional residents attributable to such expansion or establishment, as determined by the Secretary. The Secretary is authorized to determine an alternative reference resident level for a hospital that submitted to the Secretary a timely request, before the start of the 2009-2010 academic year, for an increase in its reference resident level due to a planned expansion.

`(III) SPECIAL PROVIDER AGREEMENT- In the case of a hospital described in paragraph (4)(H)(v), the reference resident level specified in this clause is the limitation applicable under subclause (I) of such paragraph.

`(IV) PREVIOUS REDISTRIBUTION- The reference resident level specified in this clause for a hospital shall be increased to the extent required to take into account an increase in resident positions made available to the hospital under paragraph (7)(B) that are not otherwise taken into account under a previous subclause.

`(iii) AFFILIATION- The provisions of clause (i) shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) and to the extent the hospitals can demonstrate that they are filling any additional resident slots allocated to other hospitals through an affiliation agreement, the Secretary shall adjust the determination of available slots accordingly, or which the Secretary otherwise has permitted the resident positions (under section 402 of the Social Security Amendments of 1967) to be aggregated for purposes of applying the resident position limitations under this subsection.

`(B) REDISTRIBUTION-

`(i) IN GENERAL- The Secretary shall increase the otherwise applicable resident limit for each qualifying hospital that submits an application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2011. The estimated aggregate number of increases in the otherwise applicable resident limit under this subparagraph may not exceed the Secretary's estimate of the aggregate reduction in such limits attributable to subparagraph (A).

`(ii) REQUIREMENTS FOR QUALIFYING HOSPITALS- A hospital is not a qualifying hospital for purposes of this paragraph unless the following requirements are met:

`(I) MAINTENANCE OF PRIMARY CARE RESIDENT LEVEL- The hospital maintains the number of primary care residents at a level that is not less than the base level of primary care residents increased by the number of additional primary care resident positions provided to the hospital under this subparagraph. For purposes of this subparagraph, the `base level of primary care residents' for a hospital is the level of such residents as of a base period (specified by the Secretary), determined without regard to whether such positions were in excess of the otherwise applicable resident limit for such period but taking into account the application of subclauses (II) and (III) of subparagraph (A)(ii).

`(II) DEDICATED ASSIGNMENT OF ADDITIONAL RESIDENT POSITIONS TO PRIMARY CARE- The hospital assigns all such additional resident positions for primary care residents.

`(III) ACCREDITATION- The hospital's residency programs in primary care are fully accredited or, in the case of a residency training program not in operation as of the base year, the hospital is actively applying for such accreditation for the program for such additional resident positions (as determined by the Secretary).

`(iii) CONSIDERATIONS IN REDISTRIBUTION- In determining for which qualifying hospitals the increase in the otherwise applicable resident limit is provided under this subparagraph, the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions within the first 3 cost reporting periods beginning on or after July 1, 2011, made available under this subparagraph, as determined by the Secretary.

`(iv) PRIORITY FOR CERTAIN HOSPITALS- In determining for which qualifying hospitals the increase in the otherwise applicable resident limit is provided under this subparagraph, the Secretary shall distribute the increase to qualifying hospitals based on the following criteria:

`(I) The Secretary shall give preference to hospitals that had a reduction in resident training positions under subparagraph (A).

`(II) The Secretary shall give preference to hospitals with 3-year primary care residency training programs, such as family practice and general internal medicine.

`(III) The Secretary shall give preference to hospitals insofar as they have in effect formal arrangements (as determined by the Secretary) that place greater emphasis upon training in Federally qualified health centers, rural health clinics, and other nonprovider settings, and to hospitals that receive additional payments under subsection (d)(5)(F) and emphasize training in an outpatient department.

`(IV) The Secretary shall give preference to hospitals with a number of positions (as of July 1, 2009) in excess of the otherwise applicable resident limit for such period.

`(V) The Secretary shall give preference to hospitals that place greater emphasis upon training in a health professional shortage area (designated under section 332 of the

Public Health Service Act) or a health professional needs area (designated under section 2211 of such Act).

`(VI) The Secretary shall give preference to hospitals in States that have low resident-to-population ratios (including a greater preference for those States with lower resident-to-population ratios).

`(v) LIMITATION- In no case shall more than 20 full-time equivalent additional residency positions be made available under this subparagraph with respect to any hospital.

`(vi) APPLICATION OF PER RESIDENT AMOUNTS FOR PRIMARY CARE- With respect to additional residency positions in a hospital attributable to the increase provided under this subparagraph, the approved FTE resident amounts are deemed to be equal to the hospital per resident amounts for primary care and nonprimary care computed under paragraph (2)(D) for that hospital.

`(vii) DISTRIBUTION- The Secretary shall distribute the increase in resident training positions to qualifying hospitals under this subparagraph not later than July 1, 2011.

`(C) RESIDENT LEVEL AND LIMIT DEFINED- In this paragraph:

`(i) The term `resident level' has the meaning given such term in paragraph (7)(C)(i).

`(ii) The term `otherwise applicable resident limit' means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(i) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph but taking into account paragraph (7)(A).

`(D) MAINTENANCE OF PRIMARY CARE RESIDENT LEVEL- In carrying out this paragraph, the Secretary shall require hospitals that receive additional resident positions under subparagraph (B)--

`(i) to maintain records, and periodically report to the Secretary, on the number of primary care residents in its residency training programs; and

`(ii) as a condition of payment for a cost reporting period under this subsection for such positions, to maintain the level of such positions at not less than the sum of--

`(I) the base level of primary care resident positions (as determined under subparagraph (B)(ii)(I)) before receiving such additional positions; and

`(II) the number of such additional positions.'

(b) IME-

(1) IN GENERAL- Section 1886(d)(5)(B)(v) of the Social Security Act (42 U.S.C. 1395ww(d)(5)(B)(v)), in the third sentence, is amended--

(c) Conforming Amendment- Section 422(b)(2) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Public Law 108-173) is amended by striking `section 1886(h)(7)' and all that follows and inserting `paragraphs (7) and (8) of subsection (h) of section 1886 of the Social Security Act.'

Any hospital claiming under this subparagraph for time spent in a nonprovider setting shall maintain and make available to the Secretary records regarding the amount of such time and such amount in comparison with amounts of such time in such base year as the Secretary shall specify.'

(II) Effective for discharges occurring on or after July 1, 2009, all the time spent by an intern or resident in patient care activities at an entity in a nonprovider setting shall be counted towards the determination of full-time equivalency if the hospital incurs the costs of the stipends and fringe benefits of the intern or resident during the time the intern or resident spends in that setting.'

(c) OIG Study on Impact on Training- The Inspector General of the Department of Health and Human Services shall analyze the data collected by the Secretary of Health and Human Services from the records made available to the Secretary under section 1886(h)(4)(E) of the Social Security Act, as amended by subsection (a), in order to assess the extent to which there is an increase in time spent by medical residents in training in nonprovider settings as a result of the amendments made by this section. Not later than 4 years after the date of the enactment of this Act, the Inspector General shall submit a report to Congress on such analysis and assessment.

(d) Demonstration Project for Approved Teaching Health Centers-

(1) IN GENERAL- The Secretary of Health and Human Services shall conduct a demonstration project under which an approved teaching health center (as defined in paragraph (3)) would be eligible for payment under subsections (h) and (k) of section 1886 of the Social Security Act (42 U.S.C. 1395ww) of amounts for its own direct costs of graduate medical education activities for primary care residents, as well as for the direct costs of graduate medical education activities of its contracting hospital for such residents, in a manner similar to the manner in which such payments would be made to a hospital if the hospital were to operate such a program.

(2) CONDITIONS- Under the demonstration project--

(C) the contracting hospital shall agree not to diminish the number of residents in its primary care residency training program.

(3) APPROVED TEACHING HEALTH CENTER DEFINED- In this subsection, the term `approved teaching health center' means a nonprovider setting, such as a Federally qualified health center or rural health clinic (as defined in section 1861(aa) of the Social Security Act), that develops and operates an accredited primary care residency program for which funding would be available if it were operated by a hospital.

### ***`Subpart XIII--Community-Based Collaborative Care Network Program***

## **`SEC. 3400. COMMUNITY-BASED COLLABORATIVE CARE NETWORK PROGRAM.**

`(a) In General- The Secretary may award grants to eligible entities for the purpose of establishing model projects to accomplish the following goals:

`(1) To reduce unnecessary use of items and services furnished in emergency departments of hospitals (especially to ensure that individuals without health insurance coverage or with inadequate health insurance coverage do not use the services of such department instead of the services of a primary care provider) through methods such as--

`(A) screening individuals who seek emergency department services for possible eligibility under relevant governmental health programs or for subsidies under such programs; and

`(B) providing such individuals referrals for followup care and chronic condition care.

`(2) To manage chronic conditions to reduce their severity, negative health outcomes, and expense.

`(3) To encourage health care providers to coordinate their efforts so that the most vulnerable patient populations seek and obtain primary care.

`(4) To provide more comprehensive and coordinated care to vulnerable low-income individuals and individuals without health insurance coverage or with inadequate coverage.

`(5) To provide mechanisms for improving both quality and efficiency of care for low-income individuals and families, with an emphasis on those most likely to remain

uninsured despite the existence of government programs to make health insurance more affordable.

`(6) To increase preventive services, including screening and counseling, to those who would otherwise not receive such screening, in order to improve health status and reduce long-term complications and costs.

`(7) To ensure the availability of community-wide safety net services, including emergency and trauma care.

`(b) Eligibility and Grantee Selection-

`(1) APPLICATION- A community-based collaborative care network described in subsection (d) shall submit to the Secretary an application in such form and manner and containing such information as specified by the Secretary. Such information shall at least--

`(A) identify the health care providers participating in the community-based collaborative care network proposed by the applicant and, if a provider designated in paragraph (d)(1)(B) is not included, the reason such provider is not so included;

`(B) include a description of how the providers plan to collaborate to provide comprehensive and integrated care for low-income individuals, including uninsured and underinsured individuals;

`(C) include a description of the organizational and joint governance structure of the community-based collaborative care network in a manner so that it is clear how decisions will be made, and how the decisionmaking process of the network will include appropriate representation of the participating entities;

`(D) define the geographic areas and populations that the network intends to serve;

`(E) define the scope of services that the network intends to provide and identify any reasons why such services would not include a suggested core service identified by the Secretary under paragraph (3);

`(F) demonstrate the network's ability to meet the requirements of this section; and

`(G) provide assurances that grant funds received shall be used to support the entire community-based collaborative care network.

`(2) SELECTION OF GRANTEES-

`(A) IN GENERAL- The Secretary shall select community-based collaborative care networks to receive grants from applications submitted under paragraph (1) on the basis of quality of the proposal involved, geographic diversity (including different States and regions served and urban and rural diversity), and the number of low-income and uninsured individuals that the proposal intends to serve.

`(B) PRIORITY- The Secretary shall give priority to proposals from community-based collaborative care networks that--

`(i) include the capability to provide the broadest range of services to low-income individuals; and

`(ii) include providers that currently serve a high volume of low-income individuals.

`(C) RENEWAL- In subsequent years, based on the performance of grantees, the Secretary may provide renewal grants to prior year grant recipients.

`(3) SUGGESTED CORE SERVICES- For purposes of paragraph (1)(E), the Secretary shall develop a list of suggested core patient and core network services to be provided by a community-based collaborative care network. The Secretary may select a community-based collaborative care network under paragraph (2), the application of which does not include all such services, if such application provides a reasonable

explanation why such services are not proposed to be included, and the Secretary determines that the application is otherwise high quality.

`(4) TERMINATION AUTHORITY- The Secretary may terminate selection of a community-based collaborative care network under this section for good cause. Such good cause shall include a determination that the network--

`(A) has failed to provide a comprehensive range of coordinated and integrated health care services as required under subsection (d)(2);

`(B) has failed to meet reasonable quality standards;

`(C) has misappropriated funds provided under this section; or

`(D) has failed to make progress toward accomplishing goals set out in subsection (a).

`(c) Use of Funds-

`(1) USE BY GRANTEES- Grant funds are provided to community-based collaborative care networks to carry out the following activities:

`(iii) obtain referrals to and see a primary care provider in case such an individual does not have a primary care provider; and

`(iv) obtain appropriate care for chronic conditions.

`(B) Improve health care by providing case management, application assistance, and appropriate referrals such as through methods to--

`(i) create and meaningfully use a health information technology network to track patients across collaborative providers;

`(ii) perform health outreach, such as by using neighborhood health workers who may inform individuals about the availability of safety net and primary care providers available through the community-based collaborative care network;

`(iii) provide for followup outreach to remind patients of appointments or follow-up care instructions;

`(iv) provide transportation to individuals to and from the site of care;

`(v) expand the capacity to provide care at any provider participating in the community-based collaborative care network, including telehealth, hiring new clinical or administrative staff, providing access to services after-hours, on weekends, or otherwise providing an urgent care alternative to an emergency department; and

`(vi) provide a primary care provider or medical home for each network patient.

`(C) Provide direct patient care services as described in their application and approved by the Secretary.

`(2) GRANT FUNDS TO HRSA GRANTEES- The Secretary may limit the percent of grant funding that may be spent on direct care services provided by grantees of programs administered by the Health Resources and Services Administration (in this section referred to as `HRSA') or impose other requirements on HRSA grantees participating in a community-based collaborative care network as may be necessary for consistency with the requirements of such programs.

`(3) RESERVATION OF FUNDS FOR NATIONAL PROGRAM PURPOSES- The Secretary may use not more than 7 percent of funds appropriated to carry out this section for providing technical assistance to grantees, obtaining assistance of experts and consultants, holding meetings, developing of tools, disseminating of information, and evaluation.

`(d) Community-Based Collaborative Care Networks-

`(1) IN GENERAL-

`(A) DESCRIPTION- A community-based collaborative care network described in this subsection is a consortium of health care providers with a joint governance structure that provides a comprehensive range of coordinated and integrated health care services for low-income patient populations or medically underserved communities (whether or not such individuals receive benefits under title XVIII, XIX, or XXI of the Social Security Act, private or other health insurance or are uninsured or underinsured) and that complies with any applicable minimum eligibility requirements that the Secretary may determine appropriate.

`(B) REQUIRED INCLUSION- Each such network shall include the following providers that serve the community (unless such provider does not exist within the community, declines or refuses to participate, or places unreasonable conditions on their participation)--

`(i) A safety net hospital that provides services to a high volume of low-income patients, as demonstrated by meeting the criteria in section 1923(b)(1) of the Social Security Act, or other similar criteria determined by the Secretary; and

`(ii) All Federally qualified health centers (as defined in section 1861(aa) of the Social Security Act (42 U.S.C. 1395x(aa))) located in the geographic area served by the Coordinated Care Network;

`(ix) A home health provider.

`(x) Any other type of provider specified by the Secretary, which has a desire to serve low-income and uninsured patients.

`(D) CONSTRUCTION-

`(i) Nothing in this section shall prohibit a single entity from qualifying as community-based collaborative care network so long as such single entity meets the criteria of a community-based collaborative care network. If the network does not include the providers referenced in clauses (i) and (ii) of subparagraph (B) of this paragraph, the application must explain the reason pursuant to subsection (b)(1)(A).

`(ii) Participation in a community-based collaborative care network shall not affect Federally qualified health centers' obligation to comply with the governance requirements under section 330 of the Public Health Service Act (42 U.S.C. 254b).

`(iii) Federally qualified health centers participating in a community-based collaborative care network may not be required to provide services beyond their Federal Health Center scope of project approved by HRSA.

`(iv) Nothing in this section shall be construed to expand medical malpractice liability protection under the Federal Tort Claims Act for Section 330-funded Federally qualified health centers.

`(2) COMPREHENSIVE RANGE OF COORDINATED AND INTEGRATED HEALTH CARE SERVICES- The Secretary shall define criteria for evaluating whether the services offered by a community-based collaborative care network qualify as a comprehensive range of coordinated and integrated health care services. Such criteria may vary based on the needs of the geographic areas and populations to be served by the network and may include the following:

`(A) Requiring community-based collaborative care networks to include at least the suggested core services identified under subsection (b)(3), or whichever subset of the suggested core services is applicable to a particular network.

`(D) Providing that the services provided by a community-based collaborative care network may also include long-term care services and other services not specified in this subsection.

`(3) CLARIFICATION- Participation in a community-based collaborative care network shall not disqualify a health care provider from reimbursement under title XVIII, XIX, or XXI of the Social Security Act with respect to services otherwise reimbursable under such title. Nothing in this section shall prevent a community-based collaborative care network that is otherwise eligible to contract with Medicare, a private health insurer, or any other appropriate entity to provide care under Medicare, under health insurance coverage offered by the insurer, or otherwise.

`(e) Evaluations-

`(1) GRANTEE REPORTS- Beginning in the third year following an initial grant, each community-based collaborative care network shall submit to the Secretary, with respect to each year the grantee has received a grant, an evaluation on the activities carried out by the community-based collaborative care network under the community-based collaborative care network program and shall include--

`(A) the number of people served;

`(B) the most common health problems treated;

Each such evaluation shall also include information on--

`(A) the prevalence of certain chronic conditions in various populations, including a comparison of such prevalence in the general population versus in the population of individuals with inadequate health insurance coverage;

`(B) demographic characteristics of the population of uninsured and underinsured individuals served by the community-based collaborative care network involved; and

`(C) the conditions of such individuals for whom services were requested at such emergency departments of participating hospitals.

`(3) AUDIT AUTHORITY- The Secretary may conduct periodic audits and request periodic spending reports of community-based collaborative care networks under the community-based collaborative care network program.

`(f) Clarification- Nothing in this section requires a provider to report individually identifiable information of an individual to government agencies, unless the individual consents, consistent with HIPAA privacy and security law, as defined in section 3009(a)(2).

`(g) Authorization of Appropriations- There are authorized to be appropriated to carry out this section such sums as may be necessary for each of fiscal years 2011 through 2015.'.

`(B) In this paragraph, the term `data' refers to information respecting a covered device, including claims data, patient survey data, standardized analytic files that allow for the pooling and analysis of data from disparate data environments, electronic health records, and any other data deemed appropriate by the Secretary.

`(4) The Secretary shall promulgate regulations for establishment and operation of the registry under paragraph (1). Such regulations--

`(A)(i) in the case of covered devices that are sold on or after the date of the enactment of this subsection, shall require manufacturers of such devices to submit information to the registry, including, for each such device, the type, model, and serial number or, if required under subsection (f), other unique device identifier; and

`(ii) in the case of covered devices that are sold before such date, may require manufacturers of such devices to submit such information to the registry, if deemed necessary by the Secretary to protect the public health;

`(B) shall establish procedures--

`(i) to permit linkage of information submitted pursuant to subparagraph (A) with patient safety and outcomes data obtained under paragraph (3); and

`(ii) to permit analyses of linked data;

`(C) may require covered device manufacturers to submit such other information as is necessary to facilitate postmarket assessments of device safety and effectiveness and notification of device risks;

`(D) shall establish requirements for regular and timely reports to the Secretary, which shall be included in the registry, concerning adverse event trends, adverse event patterns, incidence and prevalence of adverse events, and other information the Secretary determines appropriate, which may include data on comparative safety and outcomes trends; and

`(E) shall establish procedures to permit public access to the information in the registry in a manner and form that protects patient privacy and proprietary information and is comprehensive, useful, and not misleading to patients, physicians, and scientists.

`(5)(A) The Secretary shall promulgate final regulations under paragraph (4) not later than 36 months after the date of the enactment of this subsection.

`(B) Before issuing the notice of proposed rulemaking preceding the final regulations described in subparagraph (A), the Secretary shall hold a public hearing before an advisory committee on the issue of which class II devices to include in the definition of covered devices.

`(C) The Secretary shall include in any regulation under this subsection an explanation demonstrating that the requirements of such regulation--

`(i) do not duplicate other Federal requirements; and

`(ii) do not impose an undue burden on device manufacturers.

`(6) With respect to any entity that submits or is required to submit a safety report or other information in connection with the safety of a device under this section (and any

release by the Secretary of that report or information), such report or information shall not be construed to reflect necessarily a conclusion by the entity or the Secretary that the report or information constitutes an admission that the product involved malfunctioned, caused or contributed to an adverse experience, or otherwise caused or contributed to a death, serious injury, or serious illness. Such an entity need not admit, and may deny, that the report or information submitted by the entity constitutes an admission that the product involved malfunctioned, caused or contributed to an adverse experience, or caused or contributed to a death, serious injury, or serious illness.

`(7) To carry out this subsection, there are authorized to be appropriated such sums as may be necessary for each of fiscal years 2011 and 2012.'

(2) EFFECTIVE DATE- The Secretary of Health and Human Services shall establish and begin implementation of the registry under section 519(g) of the Federal Food, Drug, and Cosmetic Act, as added by paragraph (1), by not later than the date that is 36 months after the date of the enactment of this Act, without regard to whether or not final regulations to establish and operate the registry have been promulgated by such date.

(3) CONFORMING AMENDMENT- Section 303(f)(1)(B)(ii) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 333(f)(1)(B)(ii)) is amended by striking `519(g)' and inserting `519(h)'

(b) Electronic Exchange and Use in Certified Electronic Health Records of Unique Device Identifiers-

(1) RECOMMENDATIONS- The HIT Policy Committee established under section 3002 of the Public Health Service Act (42 U.S.C. 300jj-12) shall recommend to the head of the Office of the National Coordinator for Health Information Technology standards, implementation specifications, and certification criteria for the electronic exchange and use in certified electronic health records of a unique device identifier for each covered device (as defined under section 519(g)(1)(B) of the Federal Food, Drug, and Cosmetic Act, as added by subsection (a)).

(2) STANDARDS, IMPLEMENTATION CRITERIA, AND CERTIFICATION CRITERIA- The Secretary of Health and Human Services, acting through the head of the Office of the National Coordinator for Health Information Technology, shall adopt standards, implementation specifications, and certification criteria for the electronic exchange and use in certified electronic health records of a unique device identifier for each covered device referred to in paragraph (1), if such an identifier is required by section 519(f) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360i(f)) for the device.

(c) Unique Device Identification System- The Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall issue proposed regulations to implement section 519(f) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360i(f)) not later than 6 months after the date of the enactment of this Act.

`(II) is operated by a person who is engaged in the business of owning or operating 20 or more vending machines,

the vending machine operator shall provide a sign in close proximity to each article of food or the selection button that includes a clear and conspicuous statement disclosing the number of calories contained in the article.

`(ix) VOLUNTARY PROVISION OF NUTRITION INFORMATION-

`(I) IN GENERAL- An authorized official of any restaurant or similar retail food establishment or vending machine operator not subject to the requirements of this clause may elect to be subject to the requirements of such clause, by registering biannually the name and address of such restaurant or similar retail food establishment or vending machine operator with the Secretary, as specified by the Secretary by regulation.

(c) National Uniformity- Section 403A(a)(4) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 343-1(a)(4)) is amended by striking `except a requirement for nutrition labeling of food which is exempt under subclause (i) or (ii) of section 403(q)(5)(A)' and inserting `except that this paragraph does not apply to food that is offered for sale in a restaurant or similar retail food establishment that is not part of a chain with 20 or more locations doing business under the same name (regardless of the type of ownership of the locations) and offering for sale substantially the same menu items unless such restaurant or similar retail food establishment complies with the voluntary provision of nutrition information requirements under section 403(q)(5)(H)(ix).'

(d) Rule of Construction- Nothing in the amendments made by this section shall be construed--

(1) to preempt any provision of State or local law, unless such provision establishes or continues into effect nutrient content disclosures of the type required under section 403(q)(5)(H) of the Federal Food, Drug, and Cosmetic Act (as added by subsection (b)) and is expressly preempted under section 403A(a)(4) of such Act;

## **SEC. 2573. PROTECTING CONSUMER ACCESS TO GENERIC DRUGS.**

(a) Findings; Purpose-

(1) FINDINGS- The Congress finds the following:

(A) In 1984, the Drug Price Competition and Patent Term Restoration Act (Public Law 98-417; in this subsection referred to as the `1984 Act') was enacted with the intent of facilitating the early entry of generic drugs while preserving incentives for innovation.

(B) Prescription drugs make up 10 percent of national health care spending, but for the past decade have been one of the fastest growing segments of health care expenditures.

(C) Until recently, the 1984 Act was successful in facilitating generic competition to the benefit of consumers and health care payers--although 67 percent of all prescriptions dispensed in the United States are generic drugs, they account for only 20 percent of all expenditures.

(D) In recent years, the intent of the 1984 Act has been subverted by certain settlement agreements between brand companies and their potential generic competitors that make reverse payments, i.e., payments by the brand company to the generic company.

(E) These settlement agreements have unduly delayed the marketing of low-cost generic drugs contrary to free competition and the interests of consumers.

(F) The state of antitrust law relating to such settlement agreements is unsettled.

(2) PURPOSE- The purpose of this section is to provide an additional means to effectuate the intent of the 1984 Act by enhancing competition in the pharmaceutical market by stopping agreements between brand name and generic drug manufacturers that limit, delay, or otherwise prevent competition from generic drugs.

(b) In General- Section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) is amended by adding at the end the following:

`(w) Protecting Consumer Access to Generic Drugs-

`(1) UNFAIR AND DECEPTIVE ACTS AND PRACTICES RELATED TO NEW DRUG APPLICATIONS-

`(A) CONDUCT PROHIBITED- It shall be unlawful for any person to directly or indirectly be a party to any agreement resolving or settling a patent infringement claim in which--

`(i) an ANDA filer receives anything of value; and

`(ii) the ANDA filer agrees to limit or forego research, development, manufacturing, marketing, or sales, for any period of time, of the drug that is to be manufactured under the ANDA involved and is the subject of the patent infringement claim.

`(B) EXCEPTIONS- Notwithstanding subparagraph (A)(i), subparagraph (A) does not prohibit a resolution or settlement of a patent infringement claim in which the value received by the ANDA filer includes no more than--

`(i) the right to market the drug that is to be manufactured under the ANDA involved and is the subject of the patent infringement claim, before the expiration of--

`(I) the patent that is the basis for the patent infringement claim; or

`(II) any other statutory exclusivity that would prevent the marketing of such drug; and

`(ii) the waiver of a patent infringement claim for damages based on prior marketing of such drug.

`(C) ENFORCEMENT-

`(i) IN GENERAL- A violation of subparagraph (A) shall be subject to enforcement by the Federal Trade Commission in the same manner, by the same means, and with the same jurisdiction as would an unfair and deceptive act or practice in or affecting interstate commerce or an unfair method of competition in or affecting interstate commerce prohibited under section 5 of the Federal Trade Commission Act, as though all applicable terms and provisions of the Federal Trade Commission Act were incorporated into and made a part of this subsection.

`(ii) INAPPLICABILITY- Subchapter A of chapter VII shall not apply with respect to this subsection.

`(D) DEFINITIONS- In this subsection:

`(i) AGREEMENT- The term 'agreement' means anything that would constitute an agreement under section 5 of the Federal Trade Commission Act.

`(ii) AGREEMENT RESOLVING OR SETTTLING- The term 'agreement resolving or settling', in reference to a patent infringement claim, includes any agreement that is contingent upon, provides a contingent condition for, or is otherwise related to the resolution or settlement of the claim.

`(iii) ANDA- The term `ANDA' means an abbreviated new drug application for the approval of a new drug under section (j).

`(iv) ANDA FILER- The term `ANDA filer' means a party that has filed an ANDA with the Food and Drug Administration.

`(v) PATENT INFRINGEMENT- The term `patent infringement' means infringement of any patent or of any filed patent application, extension, reissuance, renewal, division, continuation, continuation in part, reexamination, patent term restoration, patent of addition, or extension thereof.

`(vi) PATENT INFRINGEMENT CLAIM- The term `patent infringement claim' means any allegation made to an ANDA filer, whether or not included in a complaint filed with a court of law, that its ANDA or drug to be manufactured under such ANDA may infringe any patent.

`(2) FTC RULEMAKING- The Federal Trade Commission may, by rule promulgated under section 553 of title 5, United States Code, exempt certain agreements described in paragraph (1) from the requirements of this subsection if the Commission finds such agreements to be for the benefit of consumers. Consistent with the authority of the Commission, such rules may include interpretive rules and general statements of policy with respect to the practices prohibited under paragraph (1).'

(c) Notice and Certification of Agreements-

(1) NOTICE OF ALL AGREEMENTS- Section 1112(c)(2) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (21 U.S.C. 3155 note) is amended by--

(A) striking `the Commission the' and inserting the following: `the Commission--

`(A) the';

(B) striking the period at the end and inserting `; and'; and

(C) adding at the end the following:

`(B) any other agreement the parties enter into within 30 days of entering into an agreement covered by subsection (a) or (b).'

(2) CERTIFICATION OF AGREEMENTS- Section 1112 of such Act is amended by adding at the end the following:

`(d) Certification- The chief executive officer or the company official responsible for negotiating any agreement required to be filed under subsection (a), (b), or (c) shall execute and file with the Assistant Attorney General and the Commission a certification as follows: `I declare under penalty of perjury that the following is true and correct: The materials filed with the Federal Trade Commission and the Department of Justice under section 1112 of subtitle B of title XI of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, with respect to the agreement referenced in this certification: (1) represent the complete, final, and exclusive agreement between the parties; (2) include any ancillary agreements that are contingent upon, provide a contingent condition for, or are otherwise related to, the referenced agreement; and (3) include written descriptions of any oral agreements, representations, commitments, or promises between the parties that are responsive to subsection (a) or (b) of such section 1112 and have not been reduced to writing.'

(d) GAO Study-

(1) STUDY- Beginning 2 years after the date of enactment of this Act, and each year for a period of 4 years thereafter, the Comptroller General shall conduct a study on the litigation in United States courts during the period beginning 5 years prior to the date of enactment of this Act relating to patent infringement claims involving generic drugs, the

number of patent challenges initiated by manufacturers of generic drugs, and the number of settlements of such litigation. The Comptroller General shall transmit to Congress a report of the findings of such a study and an analysis of the effect of the amendments made by subsections (b) and (c) on such litigation, whether such amendments have had an effect on the number and frequency of claims settled, and whether such amendments resulted in earlier or delayed entry of generic drugs to market, including whether any harm or benefit to consumers has resulted.

(2) DISCLOSURE OF AGREEMENTS- Notwithstanding any other law, agreements filed under section 1112 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (21 U.S.C. 355 note), or unaggregated information from such agreements, shall be disclosed to the Comptroller General for purposes of the study under paragraph (1) within 30 days of a request by the Comptroller General.

## **PART 2--BIOSIMILARS**

### **SEC. 2575. LICENSURE PATHWAY FOR BIOSIMILAR BIOLOGICAL PRODUCTS.**

(a) Licensure of Biological Products as Biosimilar or Interchangeable- Section 351 of the Public Health Service Act (42 U.S.C. 262) is amended--

(1) in subsection (a)(1)(A), by inserting `under this subsection or subsection (k)' after `biologics license'; and

(2) by adding at the end the following:

`(k) Licensure of Biological Products as Biosimilar or Interchangeable-

`(1) IN GENERAL- Any person may submit an application for licensure of a biological product under this subsection.

`(2) CONTENT-

`(A) IN GENERAL-

`(i) REQUIRED INFORMATION- An application submitted under this subsection shall include information demonstrating that--

`(I) the biological product is biosimilar to a reference product based upon data derived from--

`(aa) analytical studies that demonstrate that the biological product is highly similar to the reference product notwithstanding minor differences in clinically inactive components;

`(bb) animal studies (including the assessment of toxicity); and

`(cc) a clinical study or studies (including the assessment of immunogenicity and pharmacokinetics or pharmacodynamics) that are sufficient to demonstrate safety, purity, and potency in 1 or more appropriate conditions of use for which the reference product is licensed and intended to be used and for which licensure is sought for the biological product;

`(II) the biological product and reference product utilize the same mechanism or mechanisms of action for the condition or conditions of use prescribed, recommended, or suggested in the proposed labeling, but only to the extent the mechanism or mechanisms of action are known for the reference product;

`(III) the condition or conditions of use prescribed, recommended, or suggested in the labeling proposed for the biological product have been previously approved for the reference product;

`(IV) the route of administration, the dosage form, and the strength of the biological product are the same as those of the reference product; and

`(V) the facility in which the biological product is manufactured, processed, packed, or held meets standards designed to assure that the biological product continues to be safe, pure, and potent.

`(ii) DETERMINATION BY SECRETARY- The Secretary may determine, in the Secretary's discretion, that an element described in clause (i)(I) is unnecessary in an application submitted under this subsection.

`(iii) ADDITIONAL INFORMATION- An application submitted under this subsection--

`(I) shall include publicly available information regarding the Secretary's previous determination that the reference product is safe, pure, and potent; and

`(II) may include any additional information in support of the application, including publicly available information with respect to the reference product or another biological product.

`(B) INTERCHANGEABILITY- An application (or a supplement to an application) submitted under this subsection may include information demonstrating that the biological product meets the standards described in paragraph (4).

`(3) EVALUATION BY SECRETARY- Upon review of an application (or a supplement to an application) submitted under this subsection, the Secretary shall license the biological product under this subsection if--

`(A) the Secretary determines that the information submitted in the application (or the supplement) is sufficient to show that the biological product--

`(i) is biosimilar to the reference product; or

`(ii) meets the standards described in paragraph (4), and therefore is interchangeable with the reference product; and

`(B) the applicant (or other appropriate person) consents to the inspection of the facility that is the subject of the application, in accordance with subsection (c).

`(4) SAFETY STANDARDS FOR DETERMINING INTERCHANGEABILITY- Upon review of an application submitted under this subsection or any supplement to such application, the Secretary shall determine the biological product to be interchangeable with the reference product if the Secretary determines that the information submitted in the application (or a supplement to such application) is sufficient to show that--

`(A) the biological product--

`(i) is biosimilar to the reference product; and

`(ii) can be expected to produce the same clinical result as the reference product in any given patient; and

`(B) for a biological product that is administered more than once to an individual, the risk in terms of safety or diminished efficacy of alternating or switching between use of the biological product and the reference product is not greater than the risk of using the reference product without such alternation or switch.

`(5) GENERAL RULES-

`(A) ONE REFERENCE PRODUCT PER APPLICATION- A biological product, in an application submitted under this subsection, may not be evaluated against more than 1 reference product.

`(B) REVIEW- An application submitted under this subsection shall be reviewed by the division within the Food and Drug Administration that is responsible for the review and approval of the application under which the reference product is licensed.

`(C) RISK EVALUATION AND MITIGATION STRATEGIES- The authority of the Secretary with respect to risk evaluation and mitigation strategies under the Federal Food, Drug, and Cosmetic Act shall apply to biological products licensed under this subsection in the same manner as such authority applies to biological products licensed under subsection (a).

`(D) RESTRICTIONS ON BIOLOGICAL PRODUCTS CONTAINING DANGEROUS INGREDIENTS- If information in an application submitted under this subsection, in a supplement to such an application, or otherwise available to the Secretary shows that a biological product--

`(i) is, bears, or contains a select agent or toxin listed in section 73.3 or 73.4 of title 42, section 121.3 or 121.4 of title 9, or section 331.3 of title 7, Code of Federal Regulations (or any successor regulations); or

`(ii) is, bears, or contains a controlled substance in schedule I or II of section 202 of the Controlled Substances Act, as listed in part 1308 of title 21, Code of Federal Regulations (or any successor regulations);

the Secretary shall not license the biological product under this subsection unless the Secretary determines, after consultation with appropriate national security and drug enforcement agencies, that there would be no increased risk to the security or health of the public from licensing such biological product under this subsection.

`(6) EXCLUSIVITY FOR FIRST INTERCHANGEABLE BIOLOGICAL PRODUCT- Upon review of an application submitted under this subsection relying on the same reference product for which a prior biological product has received a determination of interchangeability for any condition of use, the Secretary shall not make a determination under paragraph (4) that the second or subsequent biological product is interchangeable for any condition of use until the earlier of--

`(A) 1 year after the first commercial marketing of the first interchangeable biosimilar biological product to be approved as interchangeable for that reference product;

`(B) 18 months after--

`(i) a final court decision on all patents in suit in an action instituted under subsection (l)(5) against the applicant that submitted the application for the first approved interchangeable biosimilar biological product; or

`(ii) the dismissal with or without prejudice of an action instituted under subsection (l)(5) against the applicant that submitted the application for the first approved interchangeable biosimilar biological product; or

`(C)(i) 42 months after approval of the first interchangeable biosimilar biological product if the applicant that submitted such application has been sued under subsection (l)(5) and such litigation is still ongoing within such 42-month period; or

`(ii) 18 months after approval of the first interchangeable biosimilar biological product if the applicant that submitted such application has not been sued under subsection (l)(5). For purposes of this paragraph, the term 'final court decision' means a final decision of a court from which no appeal (other than a petition to the United States Supreme Court for a writ of certiorari) has been or can be taken.

`(7) EXCLUSIVITY FOR REFERENCE PRODUCT-

`(A) EFFECTIVE DATE OF BIOSIMILAR APPLICATION APPROVAL- Approval of an application under this subsection may not be made effective by the Secretary until the

date that is 12 years after the date on which the reference product was first licensed under subsection (a).

`(B) FILING PERIOD- An application under this subsection may not be submitted to the Secretary until the date that is 4 years after the date on which the reference product was first licensed under subsection (a).

`(C) FIRST LICENSURE- Subparagraphs (A) and (B) shall not apply to a license for or approval of--

`(i) a supplement for the biological product that is the reference product; or

`(ii) a subsequent application filed by the same sponsor or manufacturer of the biological product that is the reference product (or a licensor, predecessor in interest, or other related entity) for--

`(I) a change (not including a modification to the structure of the biological product) that results in a new indication, route of administration, dosing schedule, dosage form, delivery system, delivery device, or strength; or

`(II) a modification to the structure of the biological product that does not result in a change in safety, purity, or potency.

`(8) PEDIATRIC STUDIES-

`(A) EXCLUSIVITY- If, before or after licensure of the reference product under subsection (a) of this section, the Secretary determines that information relating to the use of such product in the pediatric population may produce health benefits in that population, the Secretary makes a written request for pediatric studies (which shall include a timeframe for completing such studies), the applicant or holder of the approved application agrees to the request, such studies are completed using appropriate formulations for each age group for which the study is requested within any such timeframe, and the reports thereof are submitted and accepted in accordance with section 505A(d)(3) of the Federal Food, Drug, and Cosmetic Act the period referred to in paragraph (7)(A) of this subsection is deemed to be 12 years and 6 months rather than 12 years.

`(B) EXCEPTION- The Secretary shall not extend the period referred to in subparagraph (A) of this paragraph if the determination under section 505A(d)(3) of the Federal Food, Drug, and Cosmetic Act is made later than 9 months prior to the expiration of such period.

`(C) APPLICATION OF CERTAIN PROVISIONS- The provisions of subsections (a), (d), (e), (f), (h), (j), (k), and (l) of section 505A of the Federal Food, Drug, and Cosmetic Act shall apply with respect to the extension of a period under subparagraph (A) of this paragraph to the same extent and in the same manner as such provisions apply with respect to the extension of a period under subsection (b) or (c) of section 505A of the Federal Food, Drug, and Cosmetic Act.

`(9) GUIDANCE DOCUMENTS-

`(A) IN GENERAL- The Secretary may, after opportunity for public comment, issue guidance in accordance, except as provided in subparagraph (B)(i), with section 701(h) of the Federal Food, Drug, and Cosmetic Act with respect to the licensure of a biological product under this subsection. Any such guidance may be general or specific.

`(B) PUBLIC COMMENT-

`(i) IN GENERAL- The Secretary shall provide the public an opportunity to comment on any proposed guidance issued under subparagraph (A) before issuing final guidance.

`(ii) INPUT REGARDING MOST VALUABLE GUIDANCE- The Secretary shall establish a process through which the public may provide the Secretary with input regarding priorities for issuing guidance.

`(C) NO REQUIREMENT FOR APPLICATION CONSIDERATION- The issuance (or non-issuance) of guidance under subparagraph (A) shall not preclude the review of, or action on, an application submitted under this subsection.

`(D) REQUIREMENT FOR PRODUCT CLASS-SPECIFIC GUIDANCE- If the Secretary issues product class-specific guidance under subparagraph (A), such guidance shall include a description of--

`(i) the criteria that the Secretary will use to determine whether a biological product is highly similar to a reference product in such product class; and

`(ii) the criteria, if available, that the Secretary will use to determine whether a biological product meets the standards described in paragraph (4).

`(E) CERTAIN PRODUCT CLASSES-

`(3) A major national goal of the United States is to provide the quantity and quality of health services which will permit the health status of Indians to be raised to the highest possible level and to encourage the maximum participation of Indians in the planning and management of those services.

## SEC. 302. SANITATION FACILITIES.

(a) Findings- Congress finds the following:

(1) The provision of sanitation facilities is primarily a health consideration and function.

(2) Indian people suffer an inordinately high incidence of disease, injury, and illness directly attributable to the absence or inadequacy of sanitation facilities.

(3) The long-term cost to the United States of treating and curing such disease, injury, and illness is substantially greater than the short-term cost of providing sanitation facilities and other preventive health measures.

(4) Many Indian homes and Indian communities still lack sanitation facilities.

(5) It is in the interest of the United States, and it is the policy of the United States, that all Indian communities and Indian homes, new and existing, be provided with sanitation facilities.

(b) Facilities and Services- In furtherance of the findings made in subsection (a), Congress reaffirms the primary responsibility and authority of the Service to provide the necessary sanitation facilities and services as provided in section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a). Under such authority, the Secretary, acting through the Service, is authorized to provide the following:

(1) Financial and technical assistance to Indian Tribes, Tribal Organizations, and Indian communities in the establishment, training, and equipping of utility organizations to operate and maintain sanitation facilities, including the provision of existing plans, standard details, and specifications available in the Department, to be used at the option of the Indian Tribe, Tribal Organization, or Indian community.

(2) Ongoing technical assistance and training to Indian Tribes, Tribal Organizations, and Indian communities in the management of utility organizations which operate and maintain sanitation facilities.

(3) Priority funding for operation and maintenance assistance for, and emergency repairs to, sanitation facilities operated by an Indian Tribe, Tribal Organization or Indian community when necessary to avoid an imminent health threat or to protect the investment in sanitation facilities and the investment in the health benefits gained through the provision of sanitation facilities.

(c) Funding- Notwithstanding any other provision of law--

(1) the Secretary of Housing and Urban Development is authorized to transfer funds appropriated under the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 et seq.) to the Secretary of Health and Human Services;

(2) the Secretary of Health and Human Services is authorized to accept and use such funds for the purpose of providing sanitation facilities and services for Indians under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a);

(3) unless specifically authorized when funds are appropriated, the Secretary shall not use funds appropriated under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a), to provide sanitation facilities to new homes constructed using funds provided by the Department of Housing and Urban Development;

(4) the Secretary of Health and Human Services is authorized to accept from any source, including Federal and State agencies, funds for the purpose of providing sanitation facilities and services and place these funds into contracts or compacts under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.);

(5) except as otherwise prohibited by this section, the Secretary may use funds appropriated under the authority of section 7 of the Act of August 5, 1954 (42 U.S.C.

2004a), to fund up to 100 percent of the amount of an Indian Tribe's loan obtained under any Federal program for new projects to construct eligible sanitation facilities to serve Indian homes;

`(6) except as otherwise prohibited by this section, the Secretary may use funds appropriated under the authority of section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a), to meet matching or cost participation requirements under other Federal and non-Federal programs for new projects to construct eligible sanitation facilities;

`(7) all Federal agencies are authorized to transfer to the Secretary funds identified, granted, loaned, or appropriated whereby the Department's applicable policies, rules, and regulations shall apply in the implementation of such projects;

`(8) the Secretary of Health and Human Services shall enter into interagency agreements with Federal and State agencies for the purpose of providing financial assistance for sanitation facilities and services under this Act;

`(9) the Secretary of Health and Human Services shall, by regulation, establish standards applicable to the planning, design, and construction of sanitation facilities funded under this Act; and

`(10) the Secretary of Health and Human Services is authorized to accept payments for goods and services furnished by the Service from appropriate public authorities, nonprofit organizations or agencies, or Indian Tribes, as contributions by that authority, organization, agency, or tribe to agreements made under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a), and such payments shall be credited to the same or subsequent appropriation account as funds appropriated under the authority of section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a).

`(d) Certain Capabilities Not Prerequisite- The financial and technical capability of an Indian Tribe, Tribal Organization, or Indian community to safely operate, manage, and maintain a sanitation facility shall not be a prerequisite to the provision or construction of sanitation facilities by the Secretary.

`(e) Financial Assistance- The Secretary is authorized to provide financial assistance to Indian Tribes, Tribal Organizations, and Indian communities in an amount equal to the Federal share of the costs of operating, managing, and maintaining the facilities provided under the plan described in subsection (h)(1)(F).

`(f) Operation, Management, and Maintenance of Facilities- The Indian Tribe has the primary responsibility to establish, collect, and use reasonable user fees, or otherwise set aside funding, for the purpose of operating, managing, and maintaining sanitation facilities. If a sanitation facility serving a community that is operated by an Indian Tribe or Tribal Organization is threatened with imminent failure and such operator lacks capacity to maintain the integrity or the health benefits of the sanitation facility, then the Secretary is authorized to assist the Indian Tribe, Tribal Organization, or Indian community in the resolution of the problem on a short-term basis through cooperation with the emergency coordinator or by providing operation, management, and maintenance service.

`(g) ISDEAA Program Funded on Equal Basis- Tribal Health Programs shall be eligible (on an equal basis with programs that are administered directly by the Service) for--

`(1) any funds appropriated pursuant to this section; and

`(2) any funds appropriated for the purpose of providing sanitation facilities.

    - `(ii) capital improvements that are necessary to enlarge or improve the facilities in order to meet the current needs for domestic sanitation facilities; or
    - `(iii) the lack of equipment or training by an Indian Tribe, Tribal Organization, or an Indian community to properly operate and maintain the sanitation facilities.

Such preference may be accorded by the Secretary unless the Secretary finds, pursuant to regulations, that the project or function to be contracted for will not be satisfactory or such project or function cannot be properly completed or maintained under the proposed contract. The Secretary, in arriving at such a finding, shall consider whether the Indian or Indian firm will be deficient with respect to--

`(1) ownership and control by Indians;

`(2) equipment;

`(3) bookkeeping and accounting procedures;

`(4) substantive knowledge of the project or function to be contracted for;

`(5) adequately trained personnel; or

`(6) other necessary components of contract performance.

`(b) Pay Rates- For the purposes of implementing the provisions of this title, the Secretary shall assure that the rates of pay for personnel engaged in the construction or renovation of facilities constructed or renovated in whole or in part by funds made available pursuant to this title are not less than the prevailing local wage rates for similar work as determined in accordance with the Act of March 3, 1931 (40 U.S.C. 276a-276a-5, known as the Davis-Bacon Act).
